## 360° of style and ergonomics

ASUS Chromebook Flip CX3 features an eye-catching new color – AI Blue — which matches perfectly with its incredible style and design. The precision-crafted chassis has a dual-tapered design, converging the body and lid to form a V-shaped edge that facilitates opening the device. For excellent ergonomics, a precision-engineered 360° ErgoLift hinge smoothly adjusts the display at any angle and lifts and tilts the keyboard into the most comfortable typing position.

The power to stay productive

Powered by up to the latest 11th Gen Intel® Core™ i7 processor with 16 GB of memory, ASUS Chromebook Flip CX3 delivers performance and responsiveness to empower users with incredible productivity. Easy access to Google Workspace and other productivity apps available on Google Play[2] let you breeze through projects or enjoy entertainment on the go, and a spacious PCIe® SSD gives you fast-access storage. And with the latest Intel® technology housed in its fanless design, ASUS Chromebook Flip CX3 stays incredibly noiseless while delivering powerful performance. Whether you're kicking back with a movie or doing graphics-intensive video editing, it maintains a quiet profile to maintain a serene work or play space.

A touch of genius

The included stylus[1] quickly and automatically charges when garaged — only 15 seconds of charging provides up to 45 minutes of use — keeping it ready for use and providing a safe place to store it. The intuitive movement of the stylus is a quick, precise way to unleash your creativity and productivity: take notes, sketch or jot down those "Aha!" moments whenever innovative ideas strike.
