WHY ASUS

ASUS is passionate about technology and driven by innovation. We dream, we dare, and we strive to create an effortless and joyful digital life for everyone.

We're always in search of incredible ideas and experiences, and we aspire to deliver the incredible in everything we do.

Fortune has praised us as one of the World's most admired companies for 5 years. They rated us as one of the top leading companies in the tech industry.

Forbes has named ASUS among the Top Regarded Companies annual survey that evaluates companies on topics such as trustworthiness, social conduct, performance of the company's product or service and the company as an employer.

Interbrand

We have topped Interbrand's annual brand survey for the past several years. We have been ranked as Taiwan's most valuable brand for 8 years.

ASUS has been named as a Top 100 Global Technology Leader by Thomson Reuters. The program identifies the tech industry's most operationally sound and financially successful organizations with excellent products and services.

ASUS BUSINESS SOLUTION READY

Modern Office

ASUS values its relationship with businesses, no matter what their size. Micro-businesses with limited IT budgets; large enterprises that require simplified remote management; sales operations that require rapid mobility and security; or designers and engineers seeking high performance computing — all these customers can rely on ASUS to provide comprehensive solutions tailored to their unique technology requirements.

Education

We are here to help you cultivate the minds of the next generation with a total solution for progressive and innovative learning. Education is what countries are built on. For society to progress and nations to sharpen their competitive edge, education must constantly innovate. At ASUS, we look into the future with your current needs in mind to design the ideal education experience. We believe that with technology, every student can benefit from an individualized learning experience that is as effective as it is engaging. Because in today's digital age, learning does not need to be confined to the classroom — it can be accomplished anytime, anywhere with the help of mobile technology and the cloud. Unsurprisingly, forward-looking schools are attaching increasing importance to their on-campus information infrastructure. And we are here to provide you with the total education solution.

Retail & Service

In the highly competitive consumer market, it is vital to use technology to improve communication with customers, while focusing limited manpower on providing customer service. Therefore, the use of integrated information technology equipment and information services to help improve customer satisfaction — while promoting customer loyalty and repeat purchases — is the key to survival in the retail and services sector.

QUALITY THAT EXCEEDS INDUSTRY STANDARDS

Business and enterprise users demand higher quality and greater reliability than consumers, so all ASUS Business PCs undergo rigorous quality testing to much higher standards than mainstream models. They offer proven reliability in all aspects, and be extraordinarily tough enough to tested with industry-leading military-grade MIL-STD-810H durability standards.

All 2021 ASUS commercial models and onwards will be tested according to the demanding MIL-STD 810H military-grade standard to ensure maximum reliability and durability.

Port Test

Port tests ensure that contacts and plugs are durable even in environments where devices are frequently connected and disconnected.

Durability Testing

ASUS Expert Series is built to last, even after continuous daily use. All units are put through extreme tests to ensure the display, hinge, structure and ports are built to last.

Panel Resistance Test

Panel resistance tests ensure that the display can endure unexpected bumps or pressure.

Strong Hinge Test

Vigorous testing with over 50,000 open / close cycles helps ensure exceptional hinge strength.

Keyboard Durability Test

To ensure ultimate keyboard durability, specially designed ASUS robots test individual keys with millions of keystrokes.

Impact Testing

Expert Series PCs are tested to be tough enough to keep working after sudden impacts, so there's no need to worry about everyday knocks and bumps.

Drop Test

Drop tests check the resistance of the chassis and internal components to damage from unexpected drops.

Shock Test

Shock tests ensure a laptop can withstand unexpected impacts such as accidental bumps, or jarring movements during shipping.

Twist Test

Twist tests confirm that the chassis is strong enough to retain structural integrity even when uneven pressures are applied.

Vibration Test

Extensive vibration testing ensures that the chassis and internal components can withstand even the most extreme travel conditions.

Environment Testing

ASUS Expert Series PCs are built to withstand the most extreme environmental conditions and are designed to work anywhere in the world, no matter where you are.

Altitude Test

This tests the ability to survive extremes of altitude encountered in shipping by air or air travel.

Temperature Test

Extremely high or low temperatures tests ensure PCs' functions consistently for users everywhere.

Acoustic Test

PCs undergo fan, hard drive, and power-supply noise tests to ensure the quietest performance possible.

EMC Test

This ensures that ASUS PCs perform well in internal or external electromagnetic fields.

ENTERPRISE GRADE SECURITY

Modern IT threats can strike businesses from any place and from all angles. Security needs to cover every entry point with multiple layers of protection, so ASUS Expert Series products provide total security using multiple hardware and software layers, ranging from physical hardware protection to identity security to protect your data from unauthorized access. ASUS also offers a series of asset-management solutions for IT managers.

IT Management

It allows Management Information System (MIS) staff to remotely control and manage company assets, making sure all digital data is safe and sound

Intel vPro

The intel vPro platform support hardware-based data encryption at the file, folder, and drive levels. Accelerate encryption and protect keys directly within the hardware.

ASUS Control Center

A centralized IT management software that supports Windows® Active Directory authentication, registry editor and USB storage disabling, to ensure that all data and information is controlled and secured.

Storage Security Control

MIS can enable/disable external USB devices or optical drives writing or reading data to restrict user's access right to get confidential data or reduce virus infection.

Identity Security

Identity security protection helps prevent attacks by hackers looking to capture passwords and encryption keys for sensitive data

Fingerprint Sensor

The fingerprint sensor lets you use Windows Hello technology to quickly and securely login with just a touch.

IR Camera

Fast and secure log-in even under a low light environment with the facial recognition IR camera.

Trusted Platform Module (TPM2.0)

A TPM chip securely stores the authentication information (such as passwords or encryption keys) used by software to protect important data and transactions.

Smart card reader

Dual identity log-in option with the built-in smart card reader for confidential scenarios.

Hardware Protection

Hardware-based protection ensures robust physical security for your PCs and notebooks

Kensington Security Slot & Padlock

The Kensington type locks are useful to prevent quick grab-and-run thefts of equipment from casually supervised locations.

Chassis Intrusion Alert

The chassis intrusion alert would show on BIOS during next boot once your PC case had been opened.

ASUS Control Center

Comprehensive Centralized IT Management

ASUS Control Center is centralized IT management software that provides efficient, intuitive and secure solutions. The software is capable of monitoring and controlling servers, workstations, laptops, desktops, and digital signage to deal with the demands of challenging IT environments.

Hardware & Software Monitoring

System administrators can easily monitor hardware status, software utilization, services, and inventory.

Advanced Search and Grouping

The unique Metadata Management lets you tag devices with custom information.

Task Scheduler

Once the Task Scheduler is setup, it automatically runs routine tasks such as turning devices on and off and dispatching software.

Efficient Energy Control

Integrate ASUS ASMB & Intel® Data Center Manager (Intel DCM) technology to provide real-time power consumption data.

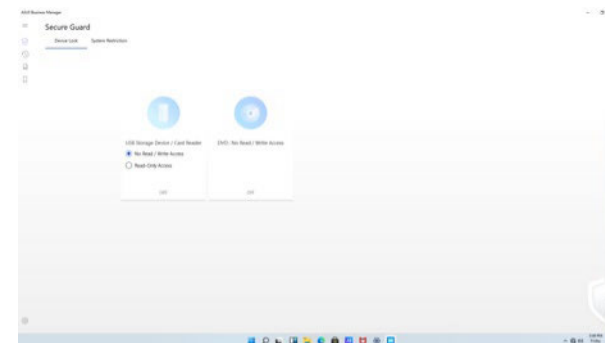

Enhanced Security

ASUS Control Center supports Windows® Active Directory authentication, registry editor and USB storage disabling.

Intuitive User Interface

The HTML5 web-based console provides intuitive dashboard, enabling you to manage your IT environment from different types of devices anytime and anywhere.

ASUS Business Manager

Easy Individual PC Management

ASUS Business Manager is a PC-based platform that consists of hardware, software, and firmware to provide unique security and productivity capabilities.

System Backtrack

Establishes a checkpoint to restore the system to its optimal status.

Secure Drive

Allows creation of an encrypted virtual partition in your local drive (such as the C: drive) where you can save your important data.

Device lock

Device lock controls read/write access to USB storage devices, card readers, and optical drives.

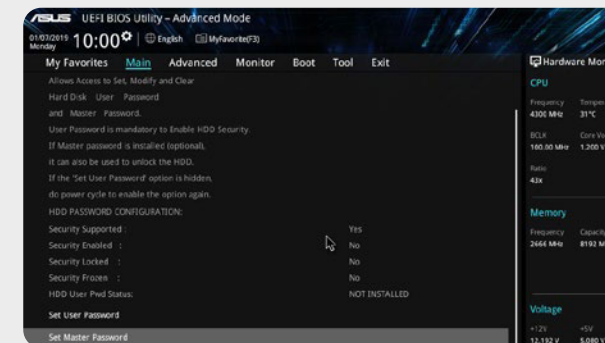

System restriction

The system restriction setting allows an administrator to control access to data, system registry editing and system settings.

File Shredder

For complete and secure file deletion. The settings pass US Army AR380-95, DoD 5220.22-M and DoD 5220.22-M(E) standards.

ASUS UEFI BIOS

Media-acclaimed BIOS

This helps with team device identification and enables easier management of individual PCs.

Safe BIOS Updates

Energy Saver

Exclusive Mouse Control

User Friendly Interface

BUILT WITH THE ENVIRONMENT IN MIND

RE100

CLIMATE GROUP

CDP

ASUS is one of the member in RE100, a global renewable energy initiative, to achieve 100% renewable energy. ASUS has set to achieve:

100% renewable energy usage in Taiwan-based operations centers by 2030, and in global operations centers by 2035

50% carbon emissions reduction from global operations centers by 2030

30% above Energy Star standard efficiency from key products

30% reduction in carbon intensity rates from key suppliers

PRODUCING

Since 2013, ASUS introduced postconsumer recycled plastic as mechanical housing in commercial notebook.

Achievement :

Using post-consumer recycled plastic, at least 20% estimated reduction of carbon emission in manufacturing phase can be expected by replacing conventional materials.

USING

Since 2012, packaging design department improved the folding structure of the packaging materials, this method received relevant patents.

Achievement :

The volume of the packaging for 15 inches notebook was 39% smaller than the old one.

PACKAGING

ASUS continuously designs exclusive technologies that raise energy efficiency on hardware and software.

Achievement :

In 2012, 100% of our new laptop computers were Energy Star qualified products. Moreover, the average power consumption of ASUS NBs is 45% lower than Energy Star standard.

RETIRING

Galvanized support for recycling programs and ensures that charitable organizations benefit from these initiatives.

Achievement :

Eliminates harmful substances from the production process and uses recyclable packaging materials.

Meet the industry's highest environmental certifications

In 2020 alone, ASUS earned 69,965 green certification from some of the most prestigious international organizations around the world.

69,965

Green Certifications

ASUS EXPERTBOOK

Future of Mobility

In our fast-paced world, work is no longer confined solely to the office. ExpertBook laptops are designed to focus on take-anywhere mobility, crafted with lightness, power, and toughness, while prove that business laptops can also be stylish, sophisticated and elegant, helping your business to project a truly professional outlook. Along with the robust security features, you're allowed to get things done fast, securely, and intelligently, anytime and anywhere.

BUSINESS-FOCUSED DESIGN

The best user experience

Business PCs are often used for long periods, day after day, so their design needs to pay more attention to the details. We understand the needs of businesses, and we design our products around needs of users. We offer slimmer, lighter, yet tougher notebooks with comfortable keyboards and easy-to-service chassis to upgrade easily.

ErgoLift hinge

- Enhanced typing position
- Optimized cooling system
- Improve audio performance

The unique ErgoLift hinge automatically tilts the keyboard when the notebook is opened.

The space created under the chassis also enhances cooling and sound quality.

180° lay-flat hinge

- Versatile use scenario
- Flexible viewing angle

The robust lay-flat hinge has a full 180° of movement for maximum versatility and comfortable viewing angles in any environment, such as operation in industrial locations, or for easy screen sharing in meetings.

Anti-glare display

- Clear viewing outdoors
- Reduced eye strain after hours of use

All ExpertBook comes with anti-glare display that has a special matte coating that ensures fewer unwanted reflections and improved color and sharpness, helping reduce long-term eye strain and provide clearer viewing in bright offices or outdoors.

Enhanced keyboard

- Repels accidental spills
- Working in dark environments
- Responsive and comfortable typing

For a comfortable feel, the sculpted keycaps have a long travel distance for responsiveness and full size key pitch. The keyboard is backlit and spill-resistant, able to be used in dark environment with lightening keys and work as usual after accidental spills.

NumberPad

- LED-illuminated numeric keypad
- One tap to switch on/off

ASUS NumberPad is an LED-illuminated numeric keypad that's perfect for crunching numbers. Tap the NumberPad icon on the top right of the touchpad to turn it on, and tap the icon on the left to toggle between two brightness settings. Clever software lets you control the cursor, even when the NumberPad is activated.

SECURE AND SAFE SOLUTIONS

Innovative security for the evolving workforce

As professionals, we know your data is important. That's why we provide secure and safe solutions for ExpertBook, giving you seamless protection of your data assets, passwords and files wherever you're working — whether it's an office, an exhibition, a retail store, an airport, or a café.

IR Camera

Log-in faster with the with facial recognition or use it as a secure 2nd identity check-point.

Trusted Platform Module (TPM) version 2.0

This hardware-based security module helps repel attacks by hackers looking to capture passwords and encryption keys to sensitive data. The TPM chip allows laptops to run applications more securely, and enables more trustworthy transactions and communications.

ASUS Private View

Keeping the confidential information safe from prying eyes by blocking the views from eyesight outside of 45 degree with a built-in privacy screen.

Finger Print Sensor

Fingerprint scanning takes data-access authorization and protection to a higher level. A radio-frequency (RF) electronic scanner reads fingerprint patterns, using sensors that are less affected by skin surface conditions — such as dry, dirty, or oily skin — which may impair the ability of other sensor technologies to accurately detect fingerprints.

Webcam privacy shield

For extra peace of mind when working in sensitive environments, the webcam has an integrated privacy shield that simply slides over the lens to stop it being used.

Designed with premium magnesium-lithium alloy, ASUS ExpertBook B9 OLED pushes the limits of lightness for ultimate portability and durability. With an environmentally-friendly design, brilliant 16:10 OLED display, AI-powered camera and noise cancelation for modern work experiences, the latest Intel® Core™ vPro® processor and a multitude of enterprise-grade security features, ExpertBook B9 OLED is the perfect partner for executives and business travelers, upping both your green credentials and professionalism — and setting a new benchmark for elite business laptops.

The world's lightest 14" OLED business laptop

Crafted from a premium magnesium-lithium alloy, ExpertBook B9 OLED weighs a featherlight 990 g¹ for exceptional portability that's always ready. As robust as it is light, ExpertBook B9 OLED, meets military-grade durability standards for the best on-the-go experience.

Sustainable technology

ExpertBook B9 OLED is designed to be sustainable, aiming for multiple recognized certifications — and employing an ecologically-conscious manufacturing technology called Thixomolding.

Modern work experiences

ExpertBook B9 OLED boasts a stunning 16:10 OLED screen, providing unparalleled image quality. It features dual smart-cooling fans, an AI camera that enhances video calls with automatic exposure adjustment and tracking, and AI noise-canceling technology to further improve modern work experiences.

ExpertBook B9 OLED (B9403CVA)

- Up to Intel® Core™ i7-1365U vPro® Processor with Iris X^e graphic
- Windows 11 Pro
- Stay cool after long-working hours. Optimum cooling performance with dual fans, adjustable cooling, and auto dust removal
- Up to 64GB LPDDR5x 7500 MHz
- 16:10 WQXGA+ OLED display for color fidelity and low blue light emission
- AI-powered video conference with AI noise cancelation and Ai Sense camera
- Ultralight weight with 990 g¹
- All-day battery life up to 11 hours
- Sustainable across the product lifecycle

Premium Series

ASUS ExpertBook B7 Flip (B7402)

Work unbounded, with 5G connectivity

5G Connectivity

Stepless Hinge

16:10 panel

ASUS Private View

ASUS ExpertBook B7 Flip is an enterprise-level, 5G-enabled premium laptop that's designed to accelerate your business¹. Working on the go is easier than ever with a lightning-fast data connection and your own personal secure network. The 360°-flippable design removes any limitations on how you work, and you can enjoy an immersive work environment for all your business needs thanks to its user-status indicator light, ASUS Private View², personalized hotkeys with ASUS ExpertWidget³, and enterprise-grade security. The versatile and manageable ExpertBook B7 Flip is ready to power your business to the next level.

Faster speeds, safer connections

ExpertBook B7 Flip supports 5G cellular data networks¹, giving you faster speeds and safer connections anywhere you work. The increased bandwidth also means data-intensive activities — such as conference calls — can enjoy higher quality with fewer interruptions. By connecting to the 5G network, there's less need to use public WiFi networks, thus increasing on-the-go security.

Your work, your style

Give yourself more freedom with ExpertBook B7 Flip's 360-degree hinge and optional ASUS Pen⁴. Whether you prefer to write or type, in tablet or laptop mode, ExpertBook B7 Flip lets you work how you like, whenever you like. The handy tent, stand and tablet modes allow instant collaboration, easy content-sharing or effective presentations.

Bigger 16:10 screen for less scrolling

The 16:10 aspect ratio provides larger visual workspace compared to a standard 16:9 display, making it easier to read articles, view websites, or work on spreadsheets. The anti-glare touchscreen is covered with tough Corning® glass, and ExpertBook B7 Flip also features ASUS Private View² screen privacy, so your eyes and your sensitive information are all protected.

ASUS ExpertBook B7 Flip (B7402FVA)

- Windows 11 Pro
- Up to 13th Gen Intel® Core™ i7 processor
- Up to 2 TB M.2 NVMe™ PCIe® 4.0 Performance SSD
- Up to 64 GB dual DDR5 4800MHz memory
- Up to 14" QHD+ touch display
- vPro platform (optional)
- MPP2.0 stylus (optional)
- Starting from 1.47 kg⁵
- Up to 11 hours battery life⁶
- ASUS two-way AI noise-canceling technology
- US military-grade durability

1. 5G is an optional feature on selected models. 5G speeds vary, contact your network operator for information on availability. 2. ASUS Private View is available only on FHD displays. See website for more details. 3. Designated software required to have full functionality on ASUS ExpertWidget. 4. MPP2.0 ASUS Pen sold separately. 5. Weight may vary according to configuration. 6. Actual battery life may vary depending on product configuration, usage, operational conditions and power management settings. Battery life will decrease over the lifetime of the battery.

ASUS ExpertBook B5 (B5602C)

Portable power for business on the go

Up to Core™ i7
12th Gen Intel® CPU

Intel A350M discrete
graphics¹

Lightweight
and lasting

16:10 OLED display²

ASUS ExpertBook B5 is built for business success in style, with a precision-crafted lightweight chassis and a stunning OLED² display. It's set for serious travel with amazing all-day battery life and is engineered with many cutting-edge technologies to improve your on-the-go work efficiency. These include a 12th Gen Intel® Core™ processor with Intel® Arc™ A350M discrete graphics¹, AI noise cancellation, and dual-SSD RAID support. It's also packed with features to protect your privacy and business data, including Intel® vPro platform support, a built-in fingerprint sensor, and TPM 2.0 chip². Peppered with thoughtful and professional design choices, ExpertBook B5 is your perfect portable, powerful partner for the corporate world.

Get the job done, effortlessly

To make light work of all your business tasks, ExpertBook B5 is powered by an up to 12th Gen Intel® Core™ i7 vPro® processor with the option of the Intel® Arc™ A350M discrete graphics. It also features two SSDs to provide huge up to 2 TB capacity and supports the RAID technology for improved data reliability or faster operation. In addition, with its dual-fan design, the ExpertBook B5 delivers quiet, cool and powerful computing and graphical performance with enterprise-grade manageability.

Lasts longer, charges faster

ExpertBook B5 is designed to be your best portable partner. Crafted with magnesium-aluminum alloy and pure aluminum, this 16-inch" laptop weighs only 1.4 kg³ while providing long hours of battery life on a single charge. With ExpertBook B5 Flip OLED's long battery life and fast-charging design, you'll be ready for productivity in or out of the office.

Bigger workspace, greater efficiency

ExpertBook B5 offers a glorious 16-inch OLED display² and a 16:10 aspect ratio that provides a larger visual workspace compared to a standard 16:9 display. This makes it easier to read articles, view websites, work on spreadsheets — or anything else that needs just that little extra room.

ASUS ExpertBook B5 (B5602C)

- Windows 11 Pro
- Up to Intel® Core™ i7-1270P vPro® processor
- Up to 2 TB dual SSD, support RAID technology
- Upgradable system memory up to 40 GB DDR5
- Up to 16" WQXGA OLED² display
- Intel® Arc™ A350M discrete graphics
- Dual fan cooling system
- lightweight from 1.4kg³
- ASUS two-way AI noise-canceling technology
- Fingerprint sensor and optional TPM2.0² for security credentials
- US military-grade durability

1. Intel® Arc® A350M discrete graphics only available on B6502CBN. 2. Optional specification. Availability varies by country and region.
3. Weight may vary according to configuration.

It's also packed with features to protect your privacy and business data, including a built-in fingerprint sensor and TPM 2.0 chip². Peppered with thoughtful and professional design choices, ExpertBook B5 Flip is your perfect portable, powerful partner for the corporate world.

360° hinge

With a 360°-flippable hinge, ExpertBook B5 Flip can be used in a multitude of ways, including both tent and tablet modes, making it easier for instant collaboration, content-sharing and presentations.

Lasts longer, charges faster

ExpertBook B5 Flip has the endurance to power through every business day or long-haul flight. It provides up to 11 hours battery life³ on a single charge, aided by energy-efficient Panel Self-Refresh technology. With ExpertBook B5 Flip's long battery life and fast charging design, you'll be up and ready in no time, ready for a long day of productivity.

Get the job done, effortlessly

ExpertBook B5 Flip is powered by an up to 12th Gen Intel Core i7 processor with Iris® Xe graphics. It also features up to two SSDs to provide huge up to 2 TB capacity, and supports RAID technology⁴ for improved data reliability or faster operation.

ASUS ExpertBook B5 Flip (B5302F)

- Windows 11 Pro
- Up to Intel® Core™ i7-1265U processor
- Up to 1TB+1TB Gen 4 SSD with RAID technology support
- Upgradable system memory up to 40 GB
- 13.3" FHD display • 360° flip design
- light weight from 1.2kg¹
- Up to 11 hours battery life³
- Stylus support
- ASUS two-way AI noise-canceling technology
- Fingerprint sensor and optional TPM2.0 for security credentials
- US military-grade durability

1. Weight may vary according to configuration. 2. Optional specification. 3. Actual battery life may vary depending on product configuration, usage, operational conditions and power management settings. Battery life will decrease over the lifetime of the battery. 4. The same device will offer differing levels of available storage depending on the chosen RAID level. If RAID 0 is used, the system combines the capacity of all SSDs in order to enhance data-transfer speeds. The available storage will equal the combined physical capacity of all the SSDs on the device. However, if the device is configured with RAID 1, two copies of the data are saved simultaneously in order to protect your data if one SSD fails. As a result, the available storage capacity will be half of the combined physical storage capacity, as half the storage is used for backup copies. For example, a device with two 1 TB SSDs in a RAID 0 configuration will have 2 TB of available storage capacity, but with RAID 1 the available storage capacity will be 1 TB.

Essential Series

ASUS ExpertBook B3 Flip (B3402)

Achieve more, anytime, anywhere

-  Versatile
360° hinge design
-  Garaged stylus
-  Dual Cameras
-  4G LTE

ASUS ExpertBook B3 Flip is built to embrace the new normal — hybrid working and learning. With a versatile, tough design, studying or working everywhere is no longer a dream. It's equipped with a 360° hinge, a world-facing camera¹, and a garaged stylus² to ensure ultimate productivity. B3 Flip is filled with many cunning protection features, including ASUS Antibacterial Guard³ and a TÜV Rheinland-certified display. It also supports up to WiFi 6 and 4G LTE⁴ for fast and portable connectivity, along with two-way AI-powered noise-cancellation technology and noise-reducing cameras for excellent remote learning and conferencing. With ExpertBook B3 Flip in your bag, all your worlds are just one twist away.

Versatility for the new normal

ExpertBook B3 Flip offers a 360° hinge that allows it to be positioned in tent mode, laptop mode, tablet mode, and stand mode. Flip it into different modes to ensure the ultimate productivity and overcome every challenge. ExpertBook B3 Flip also includes a garaged stylus² for taking notes, drawing, and marking up documents. The built-in stylus holder keeps the pen close at hand and reduces the risk of losing it. With a 15-second charge giving enough power for 45 minutes of use, you'll never be left waiting.

All-round speed and reliability

ExpertBook B3 Flip has built-in 4G LTE⁴ for safe, secure and speedy mobile connectivity wherever you go, enabling you to learn and work everywhere. It also offers up to the latest WiFi 6 technology to deliver ultrafast and stable speeds for online learning and super-smooth business meetings. Plus, with ASUS WiFi Master⁵ technology, you'll enjoy faster and more reliable WiFi connections at greater distances than ever before.

Two cameras, twice the inspiration

ExpertBook B3 Flip includes a standard webcam along with a special 13 MP world-facing high-resolution camera¹ located just above the keyboard — an ideal position that allows you to capture photos and videos in tablet and tent mode. This empowers students to explore and learn in totally new ways, and permits professionals and workers to multitask in more efficient ways.

ASUS ExpertBook B3 Flip (B3402)

- Windows 11 Pro
- Up to 12th Gen Intel® Core™ i7-1255U processor with Iris Xe graphic
- Up to dual 1 TB SSD support RAID technology
- Upgradable system memory up to 48 GB
- 360° flip design with optional garaged MPP 2.0 stylus²
- A user-facing camera with 13 MP world-facing camera¹
- WiFi 6 speedy connectivity and 4G LTE⁴
- ASUS Antibacterial Guard protection³
- TÜV Rheinland certified eyes protection display
- US military-grade durability⁶

1. The world-facing camera is optional. 2. The garaged stylus is optional. 3. The antibacterial treatment is registered by the US EPA and authorized under EU BPR. 4. 4G LTE is optional. MicroSD card reader + nano SIM combo is only for LTE SKU. 5. WiFi Master test configuration: under controlled test conditions, streaming Full HD YouTube videos, and AP set with one antenna at 802.11g. Actual WiFi range and performance may be affected by environmental factors. Interference from USB 3 devices may vary according to the device. Range comparisons refer to standard laptop with all-metal chassis design. 6. The testing data includes the requirements of both military-grade standards and ASUS quality tests.

Essential Series

ASUS ExpertBook B2 (B2402C/B2502C)

Your strong, flexible partner

Up to Core™ i7
12th Gen Intel CPU

5G connectivity

Comprehensive
I/O ports

Backlit with
SensePoint

ASUS ExpertBook B2 is your powerful partner for everyday office tasks and on-the-go business use — and with flexible configuration options to meet any need. It packs the latest 12th Generation up to Intel® i7 CPU, ultrafast 5G connectivity and a full complement of I/O ports. It's also incredibly configurable, with a backlit keyboard, integrated SensePoint control, dual-storage with one HDD optional and one SSD design for high capacity and rapid data access, and an IR camera for fast face login. ExpertBook B2 even has the option of a smart card reader for two-factor authentication, enabling enterprise-grade security that's fit for even the most sensitive settings.

Ergonomic keyboard and SensePoint pointing nub

Designed with comfort in mind, ExpertBook B2 features a backlit keyboard for a more responsive typing experience in dark environments, from dimly-lit offices to aircraft cabins. And the SensePoint pointing nub located in the middle of the keyboard lets you easily control the onscreen cursor.

Two-way AI noise-canceling audio technology for business

To level up professional conferencing, ExpertBook B2 has two-way AI noise-canceling technology that employs sophisticated machine-learning techniques. The technology includes both an upstream function to filter noise around the speaker, and a downstream function to eliminate noise from the person at the other end of the conversation.

Enterprise-grade security and privacy protection

ExpertBook B2 is packed with technology to provide strong data security and privacy protection. This includes a physical webcam shield for instant privacy, and an integrated IR camera for fast, secure face login. It also includes a fingerprint sensor for one-touch security, and a built-in smart card reader for easy two-factor authentication.

ASUS ExpertBook B2 (B2402C/ B2502C)

- Windows 11 Pro for business
- Up to Intel® Core™ i7-1270P processor 2.2 GHz
- Dual storage up to 2TB SSD and 2TB HDD
- Dual SO-DIMM upgradeable up to 64 GB
- Optional 5G support
- Optional Physical HD Camera & HD+IR Camera
- Optional Backlit Keyboard with SensePoint & non-backlit keyboard without SensePoint
- ASUS two-way AI noise-canceling technology
- Fingerprint sensor and optional TPM2.0 for security credentials
- US military-grade durability

*SIM card slot is not available on without WWAN configuration.

- Military-grade construction with aluminum-alloy lid
- On touch fingerprint login and optional TPM2.0 for security credentials

1. 90% screen-to-body ratio on the 15" B1500 model. 84% screen-to-body ratio on the 14" B1400.
2. Starting at 1.45kg on the 14" B1400 model. 3. Fingerprint sensor is optional.

ASUS CHROMEBOOK

Simple, Fast, and Effective

Simple, yet effective — that's what the ASUS Chromebook Series is all about. ASUS Chromebook laptops provide full connectivity to give you quick and easy access to everything you have stored in the cloud. It's easy to manage and update, and helps keep costs down. And with Chrome OS, it's a convenient gateway to the immense variety of apps on the Google Play Store for work or school.

Premium Series

ASUS Chromebook CX9 (CX9400)

Ultralight and tough for cloud-first business

Lightweight

US military-grade durability

14 hours battery life

NanoEdge display

ASUS Chromebook CX9 is built for today's fast-paced, constantly evolving business world — a world where many employees work remotely using cloud-first operating systems and collaborative tools such as Chrome OS. With an ultralight 1.05 kg aluminum-alloy chassis and US MIL-STD 810H military-grade toughness, ASUS Chromebook CX9 delivers reliable take-anywhere mobility with the nimble performance of up to an 12th gen Intel® Core™ i7 processor. It also features ultrafast WiFi 6, a Harman Kardon-certified dual speaker audio system, a fingerprint sensor for password-free login, and up to a 4K UHD touchscreen display — all to empower employees with the tools needed to get the job done efficiently and effectively, from anywhere.

Designed for modern business

ASUS Chromebook CX9 offers a sophisticated design and posh portability for expanding the possibilities of remote work. Made of aluminum alloy using the high-precision CNC manufacturing process, its chassis is strong, flexible and lightweight. With an ultrathin profile, ASUS Chromebook CX9 emanates a sense of premium quality and professionalism, and it easily slides into a briefcase.

Performance that gets the job done

Powered by up to the latest 12th gen Intel® Core™ i7 processors with Intel® Iris® Xe graphics and 16 GB of memory, ASUS Chromebook CX9 delivers performance and responsiveness to empower users with incredible productivity. Easy access to your employees' favorite productivity suites and video conferencing apps available on Google Play make projects a breeze, and a spacious PCIe® SSD gives you fast-access storage.

Seamless visuals for focused workflows

ASUS Chromebook CX9 delivers expansive visuals for boundless productivity. The four-sided 91% NanoEdge display maximizes screen area and screen-to-body ratio, making viewing experiences more immersive. An optional 4K UHD touchscreen display offers wide viewing angles and exceptional color reproduction for incredibly vivid, true-to-life imagery.

ASUS Chromebook CX9 (CX9400)

- Chrome OS
- Up to 12th gen Intel® Core™ i7 processor
- Up to Intel® Iris® Xe graphics
- Up to 16 GB memory
- Up to 512 GB SSD
- Thin and light: 1.05kg, 16.0mm
- Up to 14" 4K UHD NanoEdge display
- Up to 14 hours battery life
- Optional touchscreen with stylus support
- Optional exclusive NumberPad design

Essential Series

ASUS Chromebook CX1 (CX1400)

Get more done every day, from anywhere

Lightweight

US military-grade
durabilitySpill-resistant
keyboard180 degree lay-flat
hinge

ASUS Chromebook CX1 (CX1400) is made for boosting productivity and having more fun while on the move — all day, every day. This lightweight, ultraportable device is powered by up to a dual-core Intel® processor and gives you the freedom of up to 12-hour battery life¹. The slim-bezel design fits more screen into the compact chassis for easy multitasking and incredibly immersive entertainment, and the device is your gateway to the best of Google, including the rich library of apps for work or play on the Google Play². With speedy performance, robust security and convenient features, ASUS Chromebook CX1 is not only perfect for students — it's ideal for anyone on the go!

1. Actual battery life may vary depending on product configuration, usage, operational conditions and power management settings. Battery life will decrease over the lifetime of the battery.

2. Internet connection required. Google, Google Play, YouTube and other marks are trademarks of Google LLC.

Modern and ultraportable design

ASUS Chromebook CX1 embodies pure style and portability with a lightweight, 1.45 kg⁵ chassis and a distinctively trendy look and feel. Designed for empowering on-the-go lifestyles, it's always ready to go wherever your day takes you.

US military-grade durability

With structural reinforcements to boost chassis strength, ASUS Chromebook CX1 is solidly built and provides durability for all your travels. It also meets next-level and industry-leading MIL-STD 810H US military tests³, which are more rigorous and demanding than ever before. Additionally, the device undergoes stringent in-house testing — including panel-pressure, shock and drop tests — for ensuring maximal toughness, so you don't have to worry about everyday knocks and bumps.

Exceptional typing comfort

A full-size, ergonomic keyboard with 1.4 mm key travel ensures that typing is supremely comfortable. Typing on a compact device has never been this smooth and easy! Accidents happen, and ASUS Chromebook CX1 is ready for them: its spill-resistant keyboard⁴ can cope with up to 60 cc of liquids without harm, so minor spillages can be easily drained, cleaned and dried.

ASUS Chromebook CX1 (CX1400)

- Chrome OS
- Up to Intel® Celeron® processor
- Up to 64GB eMMC
- Up to 8 GB memory
- Up to 14" FHD 1920x1080 display
- Anti-glare display
- Up to 12 hours battery life
- 1.45 kg
- 1.4 mm key travel
- US military-grade durability

3. ASUS Chromebook CX1 series laptops undergo multiple laptop quality tests but are not subject to all tests stated. The testing data includes the requirements of both military-grade standards and ASUS quality tests.

4. ASUS Chromebook CX1 keyboard is spill-resistant, not waterproof. 5. Weight may vary according to configuration.

ASUS EXPERTCENTER

High performance.
Delivered.

ASUS ExpertCenter is designed as powerhouses to allow business to do more, and more. To achieve this goal, we choose world-leading components, employ sophisticated chassis design, and employ rock-solid construction, while offering comprehensive options with a wide range of specification and form factor. Recognizing that security and management are vital for your business, we are constantly striving to provide thoughtful solutions, to create products that can minimize your business TCO.

ASUS ExpertCenter E5 AiO (E5402/E5202)

Fast, secure performance with a dual view

Up to 11th Gen Intel® Core™ i7 processor

Innovative second touchscreen

Two way AI Noise-Canceling

ASUS AdaptiveLock security

Built for modern business to enhance user experiences and productivity, ASUS ExpertCenter E5 AiO powers through any task — saving time and minimizing admin. It packs exclusive ASUS VeriView, a second, outward-facing touchscreen for two-way interaction, serious business horsepower with a next-level Intel® Core™ processor, and no-compromise security solutions.

Class-leading performance

Built to perform and easy to manage for enterprises, ASUS ExpertCenter E5 AiO powers through any task — saving time and minimizing admin. It packs serious business horsepower with a next-level Intel® Core™ processor, generous 32 GB DDR4 memory and comprehensive connectivity, including the latest Thunderbolt™ 4.0. Its sleek, ultracompact form also supports dual-SSD RAID and high-speed WiFi 6 connectivity, so it's ready to serve your business today and long into the future.

Delivering new interactive experiences

ASUS VeriView is the easy-to-use second touchscreen that elevates expectations of what an AiO PC can do. This powerful, interactive second screen is ready to accommodate diverse business applications, empowering both a dual view and two-way interactivity. Customers are able to see key information at a glance and easily interact using a fingertip. DuoVision can also be leveraged to display news or advertisements, check-in information or QR codes to provide customers with fast access to online information.

Your data is your business

ASUS ExpertCenter E5 AiO is equipped with first-class security to keep you, your business and your data safe. The smart proximity sensor that empowers ASUS AdaptiveLock¹ detects your presence and uses an integrated infrared camera to recognize your face and log you in — allowing you to get to work without lifting a finger.

ASUS ExpertCenter E5 AiO (E5402/ E5202)

- Windows 11 Pro
- Intel® Core™ i7-11700B processor
- Up to 1 TB PCIe® 3.0 SSD, 2 TB SATA Gen3 HDD with RAID technology
- Up to 32 GB 3200MHz DDR4, 2x SO-DIMM
- 12MP camera for clear video conferencing
- ASUS two-way AI noise-canceling technology
- Enterprise-grade security with IR camera, AdaptiveLock, TPM 2.0, Kensington lock
- Full set of ports: 1x Thunderbolt™ 4, 1x 3-in-1 card reader, 3x USB 3.2 Gen 1 Type A, 2x USB 2.0 Type A, 1x HDMI-out, 1x USB 3.2 Gen 2 Type-C²

1. Multi-touch display, IR camera, AdaptiveLock, TPM 2.0 and Windows Hello features may vary by specification and region.

2. There are multiple different camera configuration options, including no camera, a 1 MP camera, a 1 MP camera with IR sensor, and a 12 MP camera.

3. Multi-touch display, Thunderbolt™ 4.0, IR camera, AdaptiveLock, TPM 2.0 and Windows Hello features may vary by specification and region.

Essential Series

ASUS M3 Series (M3200/M3400/M3700)

Broaden the vision with unlimited enjoyment

Up to AMD Ryzen™ 7
5700U Processor

AI Noise-cancelling
Technology

178-degree Wide
Viewing Angle

Up to Wi-Fi 6
(802.11ax)

The stunningly beautiful ASUS M3 series all-in-one PC has a FHD LED display with a near-invisible display bezel that gives you edge-to-edge visuals and an incredible screen-to-body ratio. Combined with its advanced ASUS SonicMaster audio — featuring a DTS Audio Processing bass-reflex speaker system and two-way AI-powered noise cancellation — M3 series immerses you in amazing visuals and superb sound for the ultimate entertainment experience.

Incredible NanoEdge Display

The space-saving ASUS M3 series is remarkably slim and light, and its NanoEdge display features an impossibly thin bezel for edge-to-edge viewing and an impressive 87%~91% screen-to-body ratio. The stunning widescreen display includes wide-view technology that makes it perfect for sharing pictures or videos with friends and family, no matter what angle the display is viewed from! With Full HD (1920 x 1080) resolution, you'll enjoy games and movies in beautiful detail, with amazing color and contrast.

Vibrant and vivid!

The NanoEdge display on ASUS M3 series features wide 178° viewing angles, and 100% sRGB color gamut for vivid and realistic-looking colors. It also includes exclusive ASUS Splendid technology to ensure true-to-life colors — whether it's an image of a sunset, a clear blue sky, or subtle skin tones. The matte anti-glare coating minimizes annoying reflections for maximum viewing comfort.

Advanced bass-reflex speakers

For amazingly immersive multimedia experiences, ASUS M3 series has a hugely powerful audio system. The two integrated high-quality stereo speakers are capable of delivering 6W of pure and rich sound, and benefit from an advanced bass-reflex design — a design typically only available in hi-fi speaker systems — to deliver smooth, powerful bass and clear, full-range sound that has to be heard to be believed.

ASUS M3 Series (M3200 / M3400 / M3700)

- Windows 11 Home
- Up to AMD Ryzen™ 7 5700U Processor
- 21.5" / 23.8" / 27", Full HD (1920 x 1080)
- Anti-Glare Panel with slim bezel and up to 91% screen-to-body ratio
- Up to 32GB DDR4 3200Mhz
- Up to 512GB M.2 PCIe SSD + 2TB HDD
- HDMI-in for flexible usage (M3400, M3700 only)
- Support up to Wi-Fi 6 (802.11ax)
- Two-way AI-powered noise cancellation
- SonicMaster-ultimate audio experience
- Huge stereo sound with DTS Audio Processing

ProArt

Power Up Your Imagination

ProArt Stations address the specific needs of creative professionals, delivering powerful and stable computing performance for computer-aided design and content creator workflows.

Premium Series

ProArt Station PD 5 (PD500)

Your Creation Initiation

Up to an Intel® Core™ i9 processor and pro-grade graphics

ASUS Lumiwiz® LED indicators

Independent Software Vendor (ISV) certification

ASUS ProArt Station PD5 is the beautiful, powerful and modern desktop PC for the home or office — and engineered from the ground up to elevate every creation. With high-performance up to 11th Gen Intel® Core™ i9 processor, NVIDIA® RTX™ A2000 12GB or NVIDIA® GeForce® RTX™ 3070 graphics, PD5 powers through every creative endeavor, from audio and video editing to hardcore 3D modeling. It's packed with creator-friendly design touches, including ASUS Lumiwiz LED indicators, a tool-less hard drive tray and a power-button shield to prevent accidental shutdowns, ensuring that smooth workflows and superior productivity.

Creator-ready performance

Accelerate every workflow with the up to 11th Gen Intel® Core i9 processor and up to 128 GB of DDR4 3200 MHz memory delivering silky-smooth multitasking. ProArt Station PD5 is also perfect for everything from photo and video editing to 3D modeling, rendering and animation, driven by its professional-grade NVIDIA® RTX™ A2000 12GB or NVIDIA® GeForce RTX™ 3070 graphics card. Stable performance is ensured with a multi-zone cooling design.

Creator-friendly design

ASUS Lumiwiz®, an innovative module embedded in the front chassis that illuminates a pair of light bars to indicate the status of the CPU, GPU and more, is created to offer creators an at-a-glance insight into performance and rendering progress. ProArt Station PD5's power button is engineered with a physical latch to ensure that it cannot be mistakenly pressed in the middle of a work session.

Easy Upgrade

ProArt Station PD5's hard drive tray is specifically designed to be removed with no tools needed for easy and effortless upgrading. Also PD500 has up to 128 GB DDR4 memory across four slots. It also features two onboard M.2 slots, one of which supports the latest PCIe 4.0 standard to provide maximum storage flexibility and the fastest data speeds available with the latest Intel processors. It also packs PCIe slots to enable the easy addition of graphics cards or other add-ons — so PD5 is easy to configure today, and ready for whatever you might need tomorrow.
