WHY **ASUS**

ASUS is passionate about technology and driven by innovation. We dream, we dare, and we strive to create an effortless and joyful digital life for everyone.

We're always in search of incredible ideas and experiences, and we aspire to deliver the incredible in everything we do.

Fortune has praised us as one of the World's most admired companies for 5 years. They rated us as one of the top leading companies in the tech industry.

Forbes has named ASUS among the Top Regarded Companies annual survey that evaluates companies on topics such as trustworthiness, social conduct, performance of the company's product or service and the company as an employer.

We have topped Interbrand's annual brand survey for the past several years. We have been ranked as Taiwan's most valuable brand for 8 years.

ASUS has been named as a Top 100 Global Technology Leader by Thomson Reuters. The program identifies the tech industry's most operationally sound and financially successful organizations with excellent products and services.

INCREDIBLE ASUS STORIES

The durability of ASUS products has been tested — and proven — in some of the most challenging environments imaginable. Below are just a few incredible, real-life ASUS stories.

Outperforming competitors through 600 days in outer space

R & K, a major supplier of computers and electronic equipment for aeronautical missions to outer space, provided MIR Space Station astronauts with two ASUS notebooks for their 600-day stint in space. "The ASUS notebooks never overheated like some of the devices made by other companies," said Russian cosmonaut Sergei Avdeev.

First to reach the tallest peak in Antarctica

On December 16, 2003, acclaimed mountaineers Shi Wang and Jian Liu embarked on an expedition to the summit of Mount Vinson — the tallest peak in Antarctica — where temperatures are known to drop below minus 100 degrees Fahrenheit. The device they chose to take with them was an ASUS S200N notebook.

First To Reach The Top Of Mount Everest

For a Mount Everest expedition, a mountaineering team selected a series of ASUS notebooks—the ASUS U5, ASUS S6, ASUS W7 and ASUS U1—as their devices of choice. At the base camp elevation of 5,000m above sea level, other notebooks failed to boot up, due to extremely low ambient temperature; however, the ASUS notebooks functioned without incident. Expedition team leader, Captain Wang Yongfong, took an ASUS U5 notebook with him to the peak: At 8,848m above sea level, an ASUS notebook became the first in the world to reach the top of Mount Everest.

WORLDWIDE ACHIEVEMENT

- No.1 consumer notebook company in Asia-Pacific
* (Excluding China and Japan)
- Top 2 consumer notebook company in China
- Top 3 consumer notebook company in the world

The Best
Notebook Choice

Motherboard Brand
In The World

Global Recognition

No. 1 motherboard brand in the world

ASUS makes the world's best-selling, most award-winning motherboards, shipping over 550 million units since 1989. They also form the reliable heart of every ASUS laptop.

One of the world's most admired companies

ASUS has been named as one of the top 10 World's Most Admired Companies by Fortune Magazine in 2021, for its contribution to the computer industry.

57,156 Awards Won Since 2001

From 2001, ASUS earned 57,156 awards from some of the most prestigious international organizations and media groups around the world.

ASUS earned 69,965 green certification in 2020 alone

ASUS was the first global IT company in the world to achieve EU Ecolabel certification for laptops, and achieved 69,965 similar labels globally in 2020.

Most valuable international brand from Taiwan

ASUS is ranked as the most valuable international brand from Taiwan for the eighth year in the 2021 Taiwan Global Brands Survey, conducted by world-leading brand consultancy Interbrand.

Top 100 Global Technology Leader

ASUS has been named as a 2019 Top 100 Global Technology Leader by Thomson Reuters, reaffirming the company's position as a top technology brand.

Top 100 Global Innovator

Facing fierce competition among 14,000 other organizations, ASUS entered the esteemed echelons of the Derwent Top 100 Global Innovators 2021 report.

WORLDWIDE ACHIEVEMENT

1st
Mother Board

We've achieved over **1/3 of the global market share** and the best selling and most-award winning motherboard brand. Since 1989, we have shipped over **550 million** MB. Placed End to end, they would form a chain long Enough to **circle the globe more than 4 times!**

1st
Graphic Card

ASUS is **the best-selling** graphic card brand since 2005 and **the most award-winning** brand which is well-known for high quality and performance.

1st
Consumer Laptops

ASUS is the **No.1** consumer notebook brand in Asia-Pacific, **No.2** in China, Central and Eastern Europe, and **No.3** in worldwide sales, which brings innovative, ultraportable, and stylish laptops.

1st
Gaming Laptops

ASUS gaming notebooks account for the highest market share, around 19%, making them **No.1** worldwide.

1st
Gaming Monitors

ASUS and ROG gaming monitors have dominated the worldwide market for four consecutive years and continue to be the **No.1** choice for gamers!

AWARDS AND RECOGNITION

Since established in 1990, ASUS has earned awards and recognitions from some of the most prestigious international organizations and media groups around the world. Each award is a testament to our relentless quest and commitment to creating solutions designed for everyone to joy.

 product design award 252 awards	 reddot award 246 awards	 GOOD DESIGN 200 awards	 TAIWAN EXCELLENCE 774 awards	 COMPUTEX d&i awards 2018 153 awards	 CES 2018 135 awards

THE WORLD'S BEST LAPTOP BRAND

Best Laptop Brand of 2020

ASUS was crowned by Laptop Mag as the world's best laptop brand of 2020, with the highest scores and across-the-board praise for innovation, design, value and selection. The publication commented that "ASUS is a laptop maker that is known for state-of-the-art innovation.". The exceptional results of both the innovation and design awards reflect the strong commitment of ASUS to providing users with leading-edge solutions and exceptional designs.

Best Business Choice Laptop Winner 2021

ASUS also triumphed in the annual PCMag reader survey, beating all other competitors to be elected the winner of the Best Choice 2021 award for laptops running Windows. Readers of the respected publication voted ASUS their favorite Windows laptop brand across multiple categories, including for cost, reliability, ease, battery life, support and overall satisfaction. ASUS was also the Windows laptop brand that the readers were most likely to recommend to others.

ASUS BUSINESS SOLUTION READY

Modern Office

ASUS values its relationship with businesses, no matter what their size. Micro-businesses with limited IT budgets; large enterprises that require simplified remote management; sales operations that require rapid mobility and security; or designers and engineers seeking high performance computing — all these customers can rely on ASUS to provide comprehensive solutions tailored to their unique technology requirements.

Retail & Service

In the highly competitive consumer market, it is vital to use technology to improve communication with customers, while focusing limited manpower on providing customer service. Therefore, the use of integrated information technology equipment and information services to help improve customer satisfaction — while promoting customer loyalty and repeat purchases — is the key to survival in the retail and services sector.

Education

We are here to help you cultivate the minds of the next generation with a total solution for progressive and innovative learning. Education is what countries are built on. For society to progress and nations to sharpen their competitive edge, education must constantly innovate. At ASUS, we look into the future with your current needs in mind to design the ideal education experience. We believe that with technology, every student can benefit from an individualized learning experience that is as effective as it is engaging. Because in today's digital age, learning does not need to be confined to the classroom — it can be accomplished anytime, anywhere with the help of mobile technology and the cloud. Unsurprisingly, forward-looking schools are attaching increasing importance to their on-campus information infrastructure. And we are here to provide you with the total education solution.

WHY ASUS EXPERT SERIES

Designed with ever-changing business needs and priorities in mind, ASUS realized the importance of portability, reliability, and security in today's competitive environment. That's why at ASUS, we never stop innovating and striving for the better.

With your business in mind, ASUS Expert Series is created and designed to provide you with the best experiences. With the best devices for businesses of any size and premium enterprise service, ASUS Business has the perfect solution for you.

THE CORE VALUE OF ASUS EXPERT SERIES

- Quality That Exceeds Industry Standards
- Enterprise Grade Security
- Business-class Manageability
- Built With The Environment In Mind
- Global 3-year Warranty
- Maximum Support, Minimal Effort

QUALITY THAT EXCEEDS INDUSTRY STANDARDS

Business and enterprise users demand higher quality and greater reliability than consumers, so all ASUS Business PCs undergo rigorous quality testing to much higher standards than mainstream models. They offer proven reliability in all aspects, and be extraordinarily tough enough to tested with industry-leading military-grade MIL-STD-810H durability standards.

All 2023 ASUS commercial models and onwards will be tested according to the demanding MIL-STD 810H military-grade standard to ensure maximum reliability and durability.

Durability Testing

Port Test

Port tests ensure that contacts and plugs are durable even in environments where devices are frequently connected and disconnected.

ASUS Expert Series is built to last, even after continuous daily use. All units are put through extreme tests to ensure the display, hinge, structure and ports are built to last.

Panel Resistance Test

Panel resistance tests ensure that the display can endure unexpected bumps or pressure.

Strong Hinge Test

Vigorous testing with over 50,000 open / close cycles helps ensure exceptional hinge strength.

Keyboard Durability Test

To ensure ultimate keyboard durability, specially designed ASUS robots test individual keys with millions of keystrokes.

Impact Testing

Expert Series PCs are tested to be tough enough to keep working after sudden impacts, so there's no need to worry about everyday knocks and bumps.

Drop Test

Drop tests check the resistance of the chassis and internal components to damage from unexpected drops.

Shock Test

Shock tests ensure a laptop can withstand unexpected impacts such as accidental bumps, or jarring movements during shipping.

Twist Test

Twist tests confirm that the chassis is strong enough to retain structural integrity even when uneven pressures applied.

Vibration Test

Extensive vibration testing ensures that the chassis and internal components can withstand even the most extreme travel conditions.

Environment Testing

ASUS Expert Series PCs are built to withstand the most extreme environmental conditions and are designed to work anywhere in the world, no matter where you are.

Altitude Test

This tests the ability to survive extremes of altitude encountered in shipping by air or air travel.

Temperature Test

Extremely high or low temperatures tests ensure PCs' functions consistently for users everywhere.

Acoustic Test

PCs undergo fan, hard drive, and power-supply noise tests to ensure the quietest performance possible.

EMC Test

This ensures that ASUS PCs perform well in internal or external electromagnetic fields.

ENTERPRISE GRADE SECURITY

Modern IT threats can strike businesses from any place and from all angles. Security needs to cover every entry point with multiple layers of protection, so ASUS Expert Series products provide total security using multiple hardware and software layers, ranging from physical hardware protection to identity security to protect your data from unauthorized access. ASUS also offers a series of asset-management solutions for IT managers.

IT Management

It allows Management Information System (MIS) staff to remotely control and manage company assets, making sure all digital data is safe and sound

Intel vPro

The intel vPro platform support hardware-based data encryption at the file, folder, and drive levels. Accelerate encryption and protect keys directly within the hardware.

ASUS Control Center

A centralized IT management software that supports Windows® Active Directory authentication, registry editor and USB storage disabling, to ensure that all data and information is controlled and secured.

Storage Security Control

MIS can enable/disable external USB devices or optical drives writing or reading data to restrict user's access right to get confidential data or reduce virus infection.

Identity Security

Identity security protection helps prevent attacks by hackers looking to capture passwords and encryption keys for sensitive data

Biometric Authentication

Provide the fast and secure log-in options with the integrated fingerprint sensor and the facial recognition IR camera.

Near Field Communication

The NFC reader integrated into touchpad means logging in to ExpertBook can be a simple, swift and secure as the swipe of an authorized card.

Smart card reader

Dual identity log-in option with the built-in smart card reader for confidential scenarios.

Trusted Platform Module (TPM2.0)

A TPM chip securely stores the authentication information (such as passwords or encryption keys) used by software to protect important data and transactions.

Hardware Protection

Hardware-based protection ensures robust physical security for your PCs and notebooks

Kensington Security Slot & Padlock

The Kensington type locks are useful to prevent quick grab-and-run thefts of equipment from casually supervised locations.

Chassis Intrusion Alert

The chassis intrusion alert would show on BIOS during next boot once your PC case had been opened.

ASUS Pre-Deployment Service(APDS)

ASUS Pre-Deployment Services (APDS) streamline operations to ensure lightning-fast deployment of pre-configured PCs, ready for immediate use on day one. Carefully tailored to your unique needs, our user-friendly approach guarantees a hassle-free experience that will transform the way you deploy and manage your IT infrastructure.

PC LIFECYCLE SERVICES

Supporting Every Stage Of The IT Journey

ASUS business is dedicated to excellence. We go beyond IT services and support to help you achieve your best.

ASUS Image Maker

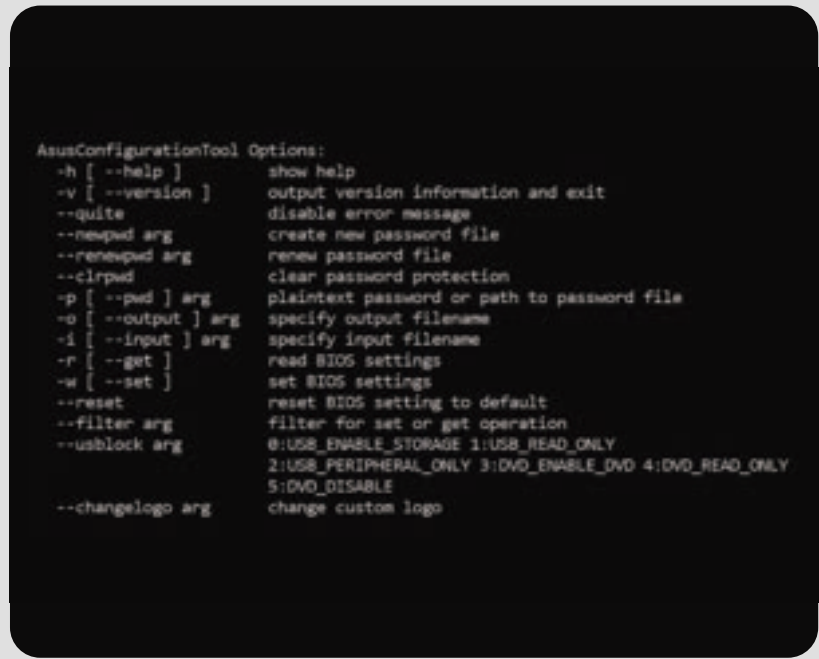

ASUS Image Maker, a one-stop cloud service with a handy customizable image tool for IT managers. Its intuitive interface allows for effortless customization of system settings, drivers, and applications to meet specific needs and achieve optimal performance.

Features and benefits

Effortless device deployment: Streamlined and automated device-enrollment and provisioning enables IT staff to deploy consistent setups effortlessly. It takes just a few simple clicks to get your organizations' devices up and running.

Remote-deployment capabilities: The ability to remotely deploy devices is perfect for organizations with geographically-dispersed teams, empowering users to complete the setup process independently.

Security and compliance: Devices are protected and compliant with organizational security standards from setup onwards.

ASUS Configuration tool

ASUS Configuration Tool simplifies BIOS customization and allows for configuration of admin passwords across all managed devices, effectively blocking unauthorized access to the BIOS.

Features and benefits

Easily customized: Develop settings and configurations to meet specific needs.

Enhanced security: Restrict modification of BIOS settings to authorized administrators only, with added security measures.

Efficient deployment: Easily create a single 'golden' sample that can be deployed across the entire company.

ASUS Endpoint Management Service(AEMS)

ASUS Endpoint Management Services (AEMS) support clients' business success with reliable devices and services. Our solutions encompass on-premise and cloud-based management, empowering IT managers to consolidate systems, deploy new software and hardware, streamline processes and offer a seamless management experience.

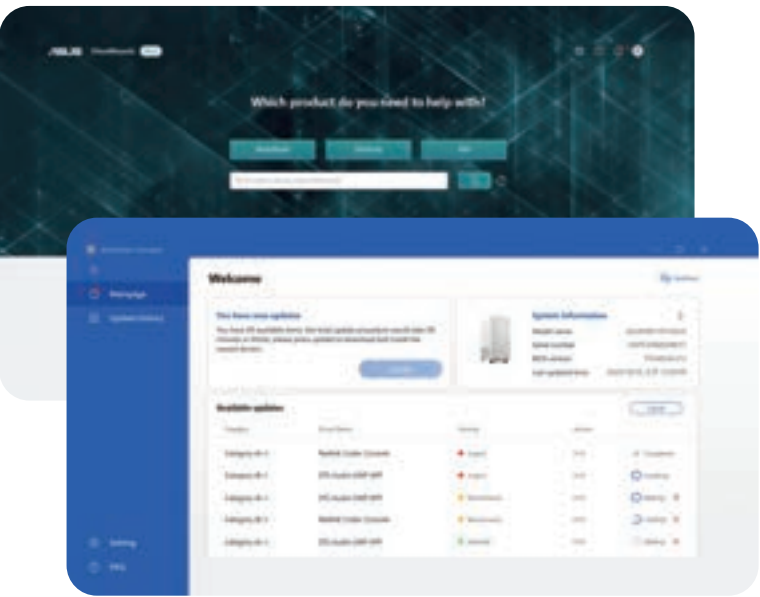

ASUS Control Center

ASUS Control Center enables remote tracking, monitoring and management of physical devices and virtual server environments through a unified dashboard.

Features and benefits

- Ensure management efficiency**
 - Automate software dispatch and scheduling processes
 - Remotely configure and troubleshoot software
 - Get insights through a visualized dashboard with an intuitive interface
- Secure IT environment**
 - Implement software blocklist profiles and device access controls
 - Monitor the health of hard disks to avoid security vulnerabilities

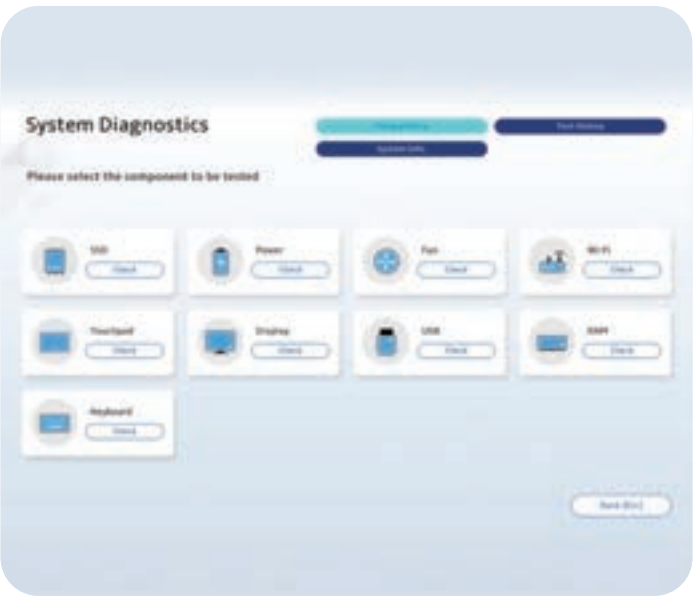

Driver-update solutions

Driver-update solutions from ASUS simplify IT setup processes, including downloading and deploying required drivers. This enhanced convenience is a key advantage for SI &VAR, enabling swift access to specific model and drivers, proactively update systems and improving system efficiency.

Features and benefits

- Streamlined driver management**
 - Access driver packages and driver packs specifically designed for Microsoft SCCM, simplifying the process of deploying and maintaining drivers across your network.
- Timely updates**
 - The platform proactively delivers the latest updated drivers, enabling you to keep systems up to date, and enhance overall performance and stability.

ASUS Diagnostic Tools (ADT)

ASUS Diagnostic Tools (ADT) monitor device performance during active use. This enables early detection of potential issues for proactive maintenance, ensuring optimal device functionality and streamlining the repair and maintenance process for ASUS products.

Features and benefits

- Early detection of hardware problems**
 - Detect potential hardware issues before the operating system loads, preventing critical failures.
- Streamlined repair process**
 - Diagnose hardware problems and generate automatic RMA forms that guide you to the technical-support page.

Sustaining an incredible future

We always search for the incredible. Our commitment to environmental, social, and governance is to empower you and everyone else we work with to push forward for a more sustainable future. Let's make it sustainable — together.

Our 2025 sustainability goals:

- 100% renewable energy usage in Taiwan-based operations centers by 2030, and in global operations centers by 2035
- 50% carbon emissions reduction from global operations centers by 2030
- 30% above Energy Star standard efficiency from key products
- 30% reduction in carbon intensity rates from key suppliers

CUSTOMER STORIES

Power Construction Group Guizhou Engineering Co., Ltd

China | ExpertBook P5440

"I need a powerful computer, since I have to use rendering and data analysis. P5440 is a great fit for my everyday usage; I opened the CAD or MATLAB within 10 seconds only, comparing with my old laptop that took me 3 minutes."

"P5440, a lightweight commercial laptop with dust-proof, helps me accomplish various tasks in the strict environment."

"P5440 has long battery life and reliable performance for me to handle with various tasks in any circumstance, such as looking over the real-time status of the wind energy in the wilderness."

Maritime Pilot in Tangshan Port

China | ExpertBook P5440

"P5440 has anti-glare display, bringing pleasant viewing experience, when I was on a deck under strong sunlight. Besides, the touchpad is responsive to zoom in/out."

"Each journey took over 6 hours from departure to boat mooring and I much appreciated that P5440 long battery life help me to complete each mission."

"Thanks to P5440's fast boot time and stable connection, I was able to load real-time information, such as speed, status, route, etc., to deal with any situation during each voyage."

Kaohsiung City Police Department

Taiwan | ExpertCenter D830MT and D630MT

Kaohsiung City Police Department was looking for high performance, easy maintenance and reliability in order to process "Advanced video recognition system", helping them to identify suspects and analyze criminal behavior.

Now, Kaohsiung City Police Department has equipped its centers with ExpertCenter D830MT and D630MT powered by Intel® 7th gen Core™ Processors & vPro™ Platform — not only quipped ultimate performance, but also projected the real-time status to three 4K/2K displays.

La Salle College Antipolo

Philippines | ExpertCenter D320MT

"I think this partnership with ExpertCenter is very timely because we really need to be at par with the technological stability of other schools."

"We should make sure that we are with a company that's highly reliable. We also want to make sure that the after support that is provided to our students and our teachers will be fully maximized also."

Bangpakong Hospital

Thailand | ExpertCenter S340MC

"ASUS S340MC desktop computer was our impressive assistant. Because the processing is faster, stronger, and the most impressive is the built-in WiFi that exceeds expectations and has never been found on any desktop computer from other brand before"

ASUS EXPERTBOOK

Future of Mobility

In our fast-paced world, work is no longer confined solely to the office. ExpertBook laptops are designed to focus on take-anywhere mobility, crafted with lightness, power, and toughness, while prove that business laptops can also be stylish, sophisticated and elegant, helping your business to project a truly professional outlook. Along with the robust security features, you're allowed to get things done fast, securely, and intelligently, anytime and anywhere.

UNRIVALED MOBILITY

To Keep Up with You Anytime and Anywhere

Stamina-packed power, high capacity, and seamless connectivity — all the power mobile business life needs is all contained in an incredibly light, compact and tough body. Crafted with lightweight materials, slim bezels, and rock-solid construction, ExpertBook series can always keep up with you through the busiest working day. Also, its precision-crafted chassis is finished in elegantly classic gray and black, creating a truly professional impression wherever you go.

Learn. Perform.
Transform.

ASUS Mobility: Light, Tough, Productive and Truly Elegant.

Ultralight and ultratough¹

Selected ExpertBook utilizes advanced materials such as lightweight magnesium alloy — an advanced material widely used in automotive and aerospace applications that’s incredibly rigid and tough, with high corrosion resistance and good heat dissipation, but is 30% lighter than standard aluminum alloy.

Rock-solid construction²

The solid chassis construction for selected laptops incorporates features that provide extra structural rigidity to cope with all the rigors of everyday business life.

- 1 Reinforced I/O connectors**
I/O connectors are mounted with screws that provide extra structural rigidity to cope with everyday insertion.
- 2 Reinforced hinge connection**
The steel brackets connected with hinge are firmly mounted on the bottom case to strengthen the hinge
- 3 Steel support brace**
The keyboard is mounted on light steel plates that resist the physical pressure that may damage the hardware inside.

Larger display, more compact size

The slim-bezel NanoEdge display provides more screen in less space, for an incredibly compact footprint and lightweight portability. Business travel with a large-screen laptop has never been easier.

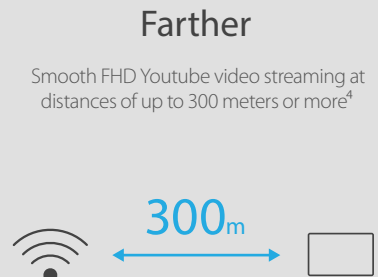

RAID technology

Many of the ExpertBook now offers RAID technology as your storage option, providing superior performance for improved security by mirroring two copies of exact data for easy recovery and twice the speed.

All-day stamina, anywhere

Not to let you down during the meetings or extended journeys, all ExpertBook offers at least 10 hours³ battery life — a full working day — on a single charge, so you can stay productive for longer when you’re far away from power outlets.

Internet without bounds

With optimized placement of WiFi antenna and the dual-band WiFi 6 with the highest specification (WiFi 6 2x2 160MHz) in ExpertBook, you’ll enjoy faster and more reliable WiFi connections.

1. Please check the detailed specification of each products. The image is derived from ExpertBook B9440 for reference.
 2. Please check the detailed specification of each products. The image is derived from ExpertBook P3540 for reference.
 3. Tested with MobileMark 2014. Maximum battery life varies according to configuration, settings, wireless functionality, usage, and environmental factors.
 4. Unless otherwise stated, all performance claims are based on theoretical performance. Actual figures may vary in real-world situations.

TRUSTWORTHY PERFORMANCE - DURABLE AND RELIABLE

US Military Grade Test

Shock Test

Withstand 18 harsh shocks at the speed of 40G/11ms with power on

Vibration Test

Withstand 10-500Hz physical vibrations for 60 min

Altitude Test

Handle extreme 15,000-ft heights, with power on

Humidity Test

Tolerate 95% relative humidity at temperatures of 30°C and 60°C

High Temperature Test

Endure 32°C~49°C for 3 x 24 hr. cycles with power on

Low Temperature Test

Endure -37°C~-46°C for 3 x 24 hr. cycles with power on

ASUS Quality Test

Drop Test

Survives a single 120 cm accidental drop on its base, onto a concrete floor

Hinge Test

50,000 open/close cycles, replicating usage of 24 times per day for over 6 years

Spill-Resistance Test

Tests resistance to small water spills of up to 66 cc¹

Keyboard Durability Test

Up to a 10,000,000 keystroke lifespan²

Port Durability Test

Mimics a user connecting a USB Type-A device 5,000 times, or 5 times a day for over 2.5 years.

Panel Pressure Test

Display can survive a simulated weight of up to 30 kg of aircraft luggage on the lid without breaking³

1. The key part of the keyboard only.
2. Test data for the normal keys only.
3. The test area is 3 cm in diameter.

* The testing regime includes the requirements of both military-grade standards and ASUS quality tests, and varies depending on device. MIL-STD-810 testing is conducted on selected ASUS products only. Note that the MIL-STD-810 testing helps to ensure the quality of ASUS products but does not indicate a particular fitness for military use. The test is performed under laboratory conditions. Any damage caused by attempts to replicate these test conditions would be considered accidental, and would not be covered by the standard ASUS warranty. Additional coverage is available with ASUS Premium Care.

BUSINESS-FOCUSED DESIGN

The best user experience

Business PCs are often used for long periods, day after day, so their design needs to pay more attention to the details. We understand the needs of businesses, and we design our products around needs of users. We offer slimmer, lighter, yet tougher notebooks with comfortable keyboards and easy-to-service chassis to upgrade easily.

180° lay-flat hinge

- Versatile use scenario
- Flexible viewing angle

The robust lay-flat hinge has a full 180° of movement for maximum versatility and comfortable viewing angles in any environment, such as operation in industrial locations, or for easy screen sharing in meetings.

Enhanced keyboard

- Repels accidental spills
- Working in dark environments
- Responsive and comfortable typing

For a comfortable feel, the sculpted keycaps have a long travel distance for responsiveness and full size key pitch. The keyboard is backlit and spill-resistant, able to be used in dark environment with lightening keys and work as usual after accidental spills.

Anti-glare display

- Clear viewing outdoors
- Reduced eye strain after hours of use

All ExpertBook comes with anti-glare display that has a special matte coating that ensures fewer unwanted reflections and improved color and sharpness, helping reduce long-term eye strain and provide clearer viewing in bright offices or outdoors.

NumberPad

- LED-illuminated numeric keypad
- One tap to switch on/off

ASUS NumberPad is an LED-illuminated numeric keypad that's perfect for crunching numbers. Tap the NumberPad icon on the top right of the touchpad to turn it on, and tap the icon on the left to toggle between two brightness settings. Clever software lets you control the cursor, even when the NumberPad is activated.

ErgoLift hinge

- Enhanced typing position
- Optimized cooling system
- Improve audio performance

The unique ErgoLift hinge automatically tilts the keyboard when the notebook is opened. The space created under the chassis also enhances cooling and sound quality.

SECURE AND SAFE SOLUTIONS

Innovative security for the evolving workforce

As professionals, we know your data is important. That's why we provide secure and safe solutions for ExpertBook, giving you seamless protection of your data assets, passwords and files wherever you're working — whether it's an office, an exhibition, a retail store, an airport, or a café.

IR Camera

Log-in faster with the with facial recognition or use it as a secure 2nd identity check-point.

Trusted Platform Module (TPM) version 2.0

This hardware-based security module helps repel attacks by hackers looking to capture passwords and encryption keys to sensitive data. The TPM chip allows laptops to run applications more securely, and enables more trustworthy transactions and communications.

ASUS Private View

Keeping the confidential information safe from prying eyes by blocking the views from eyesight outside of 45 degree with a built-in privacy screen.

Finger Print Sensor

Fingerprint scanning takes data-access authorization and protection to a higher level. A radio-frequency (RF) electronic scanner reads fingerprint patterns, using sensors that are less affected by skin surface conditions — such as dry, dirty, or oily skin — which may impair the ability of other sensor technologies to accurately detect fingerprints.

Webcam privacy shield

For extra peace of mind when working in sensitive environments, the webcam has an integrated privacy shield that simply slides over the lens to stop it being used.

Advanced Series

ASUS ExpertBook B5 (B5402C)

Power to turn your business world

-  Thin and light
-  Intel® Core™ i5-1155G7 CPU
-  Long Battery Life
-  AI noise-canceling technology

ASUS ExpertBook B5 is built for business success in style, with a precision-crafted chassis that’s as light as 1.27 kg¹. It’s also set for serious travel with an amazing all-day battery life, and is engineered with many cutting-edge technologies to improve your on-the-go work efficiency. These include a 13th Gen Intel® Core™ processor, AI noise-cancellation, dual-SSD RAID support, and ASUS NumberPad. It’s also packed with features to protect your privacy and business data, including a built-in fingerprint sensor and Intel® vPro support.

1. Weight may vary according to configuration.
2. Optional specification.
3. Actual battery life may vary depending on product configuration, usage, operational conditions and power management settings. Battery life will decrease over the lifetime of the battery.

Get the job done, effortlessly

To make light work of all your business tasks, ExpertBook B5 is powered by an 11th Gen Intel® Core™ i5 processor with Iris® X^e graphics and up to superfast intel WiFi 6E, providing quick and responsive computing, network and graphical performance with enterprise-grade manageability. It also features two SSDs to provide 512GB capacity, and supports RAID technology for improved data reliability or faster operation.

Lighter, stronger and more portable

Both the top and bottom cover of ExpertBook B5 are crafted from pure aluminum, while the area around the keyboard area is magnesium-aluminum alloy — keeping the weight down to a mere 1.27 kg¹. Slip ExpertBook B5 into a briefcase so it’s with you all the time, ready for productivity in or out of the office.

Lasts longer, charges faster

ExpertBook B5 is engineered for the realities of modern business, so it has the stamina to power through a full working day. Aided by energy-efficient Panel Self-Refresh technology, it delivers up to 12 hours battery life³ on a single charge. Coupled with its fast-charging design you’ll be up and ready in no time, ready for long, effective productivity sessions — and with plenty left in the tank for a little rest and relaxation when your working day is done.

ASUS ExpertBook B5 (B5402C)

- Free DOS/Windows 11 Pro
- Intel® Core™ i5-1155G7 Processor
- Intel® Iris® X^e graphics
- 512GB M.2 NVMe™ PCIe® 3.0 SSD
- 8GB DDR4 memory
- Thin and light: 1.27 kg¹, 17.95 mm
- All-day battery life up to 12 hours
- ASUS two-way AI noise-canceling technology
- Fingerprint sensor and optional TPM2.0² for security credentials
- US military-grade durability

Advanced Series

ASUS ExpertBook B5 Flip (B5402F)

Power to turn your business world

Thin and light

Intel® Core™ i7-1195G7 CPU

Garaged stylus

Long Battery Life

ASUS ExpertBook B5 Flip is built for business success in style, with a precision-crafted chassis that's as light as 1.39kg¹ — and a 360° flippable touchscreen to empower the ultimate flexibility. It's also set for serious travel with an amazing all-day battery life, and is engineered with many cutting-edge features to improve your on-the-go work efficiency. These include an Intel® Core™ processor, AI noise cancellation, dual-SSD RAID support, and a quick-charging garaged stylus. It's also packed with features to protect your privacy and business data, including a built-in fingerprint sensor and TPM 2.0 chip².

1. Weight may vary according to configuration.

2. Optional specification.

3. Actual battery life may vary depending on product configuration, usage, operational conditions and power management settings. Battery life will decrease over the lifetime of the battery.

Handy garaged stylus

When drawing, taking notes or marking up documents, the garaged stylus included with ExpertBook B5 Flip helps you get every detail just right. The built-in stylus holder keeps the pen close at hand and reduces the risk of losing it. And, with a 15-second charge giving enough power for 45 minutes of use, you'll never be left waiting.

Get the job done, effortlessly

To make light work of all your business tasks, ExpertBook B5 Flip is powered by an 11th Gen Intel® Core™ i7 processor with Iris® X® graphics and up to superfast intel WiFi 6E, providing quick and responsive computing, network and graphical performance with enterprise-grade manageability. It also features two SSDs to provide 512GB capacity, and supports RAID technology for improved data reliability or faster operation.

Lighter, stronger and more portable

Both the top and bottom cover of ExpertBook B5 Flip are crafted from pure aluminum, while the area around the keyboard area is magnesium-aluminum alloy — keeping the weight down to a mere 1.39kg¹. Slip ExpertBook B5 Flip into a briefcase so it's with you all the time, ready for productivity in or out of the office.

ASUS ExpertBook B5 (B5302C)

Power to turn your business world

-  Thin and light
-  Intel® Core™ i5-1135G7 CPU
-  Military-grade durability
-  All-day battery

ASUS ExpertBook B5 is built for business success in style, with a precision-crafted and minimalist chassis that pushes the limits of lightness. It's also set for serious travel with an amazing 11-hour battery life¹, and is engineered with many cutting-edge technologies to improve your on-the-go work efficiency. These include a 11th Gen Intel® Core™ processor, AI noise cancellation and dual-SSD RAID support, ASUS NumberPad 2.0. It's also packed with features to protect your privacy and business data, including Intel® vPro platform support, a built-in fingerprint sensor and TPM 2.0 chip. Peppared with thoughtful and professional design choices, ExpertBook B5 is your perfect portable, powerful partner for the corporate world.

1. Actual battery life may vary depending on product configuration, usage, operational conditions and power management settings. Battery life will decrease over the lifetime of the battery.
2. Weight may vary according to configuration.
3. Optional specification.

Lighter, stronger and more portable

Both the top and bottom cover of ExpertBook B5 are crafted from pure aluminum, while the area around the keyboard area is magnesium-aluminum alloy – keeping the weight down to a featherlight 1.1 kg². Slip ExpertBook B5 into a briefcase so it's with you all the time, ready for productivity in or out of the office.

Lasts longer, charges faster

ExpertBook B5 has the endurance to power through every business day or long-haul flight. It provides 11 hours battery life¹ on a single charge, aided by energy-efficient Panel Self-Refresh technology. With ExpertBook B5's long battery life and fast charging design, you'll be up and ready in no time, ready for a long day of productivity.

Enterprise-grade security

Engineered with robust features that include TPM 2.0 security³, a Kensington Nano lock slot, physical webcam shield and a fingerprint sensor, ExpertBook B5 delivers security that's fit for business — offering serious safety and protection for your premium device and priceless data.

ASUS ExpertBook B5 (B5302C)

- Free DOS/Windows 11 Pro
- Intel® Core™ i5-1135G7 processor
- Intel® Iris® X® graphics
- 512GB M.2 NVMe™ PCIe® 3.0 SSD
- 8GB DDR4memory
- 13.3" FHD display
- light weight from 1.1kg²
- Up to 11 hours battery life¹
- ASUS two-way AI noise-canceling technology
- Fingerprint sensor and optional TPM2.0 for security credentials

Advanced Series

ASUS ExpertBook B5 Flip (B5302F)

Power to turn your business world

-  Thin and light
-  Up to Intel® Core™ i7-1165G7 CPU
-  360° design
-  All-day battery

ASUS ExpertBook B5 Flip is built for business success in style, with a precision-crafted chassis that's as light as 1.2 kg¹ — and a 360° flippable touchscreen to empower the ultimate flexibility. It's also set for serious travel with an amazing all-day battery life, and is engineered with many cutting-edge technologies to improve your on-the-go work efficiency. These include a 11th Gen Intel® Core™ processor with Intel® vPro platform support, AI-powered noise cancelation, dual-SSD RAID support, and ASUS ExpertWidget. It's also packed with features to protect your privacy and business data, including a built-in fingerprint sensor and TPM 2.0 chip². Peppared with thoughtful and professional design choices, ExpertBook B5 Flip is your perfect portable, powerful partner for the corporate world.

1. Weight may vary according to configuration. 2. Optional specification. 3. Actual battery life may vary depending on product configuration, usage, operational conditions and power management settings. Battery life will decrease over the lifetime of the battery. 4. The same device will offer differing levels of available storage depending on the chosen RAID level. If RAID 0 is used, the system combines the capacity of all SSDs in order to enhance data-transfer speeds. The available storage will equal the combined physical capacity of all the SSDs on the device. However, if the device is configured with RAID 1, two copies of the data are saved simultaneously in order to protect your data if one SSD fails. As a result, the available storage capacity will be half of the combined physical storage capacity, as half the storage is used for backup copies. For example, a device with two 1 TB SSDs in a RAID 0 configuration will have 2 TB of available storage capacity, but with RAID 1 the available storage capacity will be 1 TB.

360° hinge

With a 360°-flippable hinge, ExpertBook B5 Flip can be used in a multitude of ways, including both tent and tablet modes, making it easier for instant collaboration, content-sharing and presentations.

Lasts longer, charges faster

ExpertBook B5 Flip has the endurance to power through every business day or long-haul flight. It provides up to 11 hours battery life³ on a single charge, aided by energy-efficient Panel Self-Refresh technology. With ExpertBook B5 Flip's long battery life and fast charging design, you'll be up and ready in no time, ready for a long day of productivity.

Get the job done, effortlessly

ExpertBook B5 Flip is powered by an up to 11th Gen Intel Core i7 processor with Iris® X® graphics. It also features up to two SSDs to provide 512GB capacity, and supports RAID technology⁴ for improved data reliability or faster operation.

ASUS ExpertBook B5 Flip (B5302F)

- Free DOS/Windows 11 Pro
- Up to Intel® Core™ i7-1165G7 Processor

- Fingerprint sensor and optional TPM2.0 for security credentials

Essential Series

ASUS ExpertBook B3 Flip (B3402)

Achieve more, anytime, anywhere

- Versatile 360° hinge design
- Antibacterial Guard Treatment
- Two-way AI Noise-Canceling Technology
- 4G LTE

ASUS ExpertBook B3 Flip is built to embrace the new normal — hybrid working and learning. With a versatile, tough design, studying or working everywhere is no longer a dream. It's equipped with a 360° hinge, a world-facing camera¹, and a garaged stylus² to ensure ultimate productivity. B3 Flip is filled with many cunning protection features, including ASUS Antibacterial Guard³ and a TÜV Rheinland-certified display. It also supports up to WiFi 6E and 4G LTE⁴ for fast and portable connectivity, along with two-way AI-powered noise-cancellation technology and noise-reducing cameras for excellent remote learning and conferencing. With ExpertBook B3 Flip in your bag, all your worlds are just one twist away.

1. The world-facing camera is optional.
 2. The garaged stylus is optional.
 3. The antibacterial treatment is registered by the US EPA and authorized under EU BPR.
 4. 4G LTE is optional. MicroSD card reader + nano SIM combo is only for LTE SKU.

Versatility for the new normal

ExpertBook B3 Flip offers a 360° hinge that allows it to be positioned in tent mode, laptop mode, tablet mode, and stand mode. Flip it into different modes to ensure ultimate productivity and overcome every challenge. ExpertBook B3 Flip also includes a garaged stylus² for taking notes, drawing, and marking up documents. The built-in stylus holder keeps the pen close at hand and reduces the risk of losing it. With a 15-second charge giving enough power for 45 minutes of use, you'll never be left waiting.

All-round speed and reliability

ExpertBook B3 Flip has built-in 4G LTE⁴ for safe, secure and speedy mobile connectivity wherever you go, enabling you to learn and work everywhere. It also offers up to the latest WiFi 6E technology to deliver ultrafast and stable speeds for online learning and super-smooth business meetings. Plus, with ASUS WiFi Master⁵ technology, you'll be able to enjoy faster and more reliable WiFi connections at greater distances than ever before.

Two cameras, twice the inspiration

ExpertBook B3 Flip includes a standard webcam along with a special 13 MP world-facing high-resolution camera¹ located just above the keyboard — an ideal position that allows you to capture photos and videos in tablet and tent mode. This empowers students to explore and learn in totally new ways, and permits professionals and workers to multitask in more efficient ways.

ASUS ExpertBook B3 Flip (B3402)

- Free DOS/Window 11 Pro
- Up to Intel® Core™ i7-1165G7 Processor with Iris X® graphic
- 512GB M.2 NVMe™ PCIe® 3.0 SSD
- Up to 16G DDR4 memory
- 360° flip design with optional garaged MPP 2.0 stylus²
- An user-facing camera with 13 MP world-facing camera¹
- WiFi 6E speedy connectivity and 4G LTE⁴
- ASUS Antibacterial Guard protection³
- TÜV Rheinland certified eyes protection display
- MIL-STD 810H US military-grade durability⁶

5. WiFi Master test configuration: under controlled test conditions, streaming Full HD YouTube videos, and AP set with one antenna at 802.11g. Actual WiFi range and performance may be affected by environmental factors. Interference from USB 3 devices may vary according to the device. Range comparisons refer to standard laptop with all-metal chassis design.
 6. The testing data includes the requirements of both military-grade standards and ASUS quality tests.

- Compatibility with a wide range of components
- The superior compatibility of ASUS motherboards is evidenced by our public QVL, which lists thousands of compatible component.

Lowered TCO with exceptional stability and durability

ExpertCenter desktops are engineered with 100% solid capacitors for better performance and longevity, with a lifespan that's up to 2x greater than traditional capacitors with the CPU under full load and 6x longer during everyday use. This maximizes your investment and minimizes the need for maintenance — all contributing to a lower total cost of ownership (TCO).

100% solid capacitor

	ASUS	OTHERS
Capacitor Type	General OS-con	Electrolytic Capacitors
Capacitor Life	2 years @86°C 22 years @65°C	1 year only @86°C 3 years @65°C

* 86°C : Full loading / 65°C : Normal loading

SOPHISTICATED CHASSIS DESIGN

Thoughtful design in every detail

If you open the chassis, you'll be surprised by the sophisticated internal chassis design, which is the reason why ExpertCenter can provide comprehensive performance for business users. We use a hinged steel case inside that rotates outward for easy access. It gives solid structural rigidity, additional space for hardware, and servicing flexibility. We also constantly research ways to optimize the cooling system to increase the system stability.

Rock-solid construction

ExpertCenter incorporates a rigid steel frame built to resist physical impact or environmental stresses¹. The cases are not only solidly constructed and assembled, but crucial components are also firmly mounted, creating a tough high-quality structure that can endure the strains of everyday operation and give years of reliable use.

Power to do more

A clever internal layout gives maximum space for expansion in a compact form factor. The internal steel case allows ExpertCenter accommodate more hardware, graphics, and a full array of I/O ports when your business grows¹. When the case is fully opened, there's plenty of space to for easy repair and maintenance. The design gives effortless flexibility for whatever your future needs.

Rotatable Case

When the rotatable case fully opened, you'll have plenty of space to repair/ maintenance easily

HDD Tool-less Tray

Allows HDD be easily pulled out with no tools required

Tool-free ODD

Press the tab on ODD to remove the drive with a push

Tool-free chassis design

As well as full expandability, the chassis features a tool-free design that is designed to simplify upgrades and on-site servicing. The chassis needs no tools and can be opened in just four simple steps. The HDD tray can also be easily pulled out with just fingers. IT staff can save time on repairs and maintenance, reducing downtime and enhancing their productivity.

Multichannel cooling design

To deliver consistent performance with minimum noise, we optimized the thermal design by creating dedicated isolated air chambers². The chambers allow independent heat-venting channels for the PC's main heat generators — CPU, GPU, and power supply — for efficient heat dissipation, and prevent heat pooling inside. This great design helps decrease the overall internal temperature by up to 33%.

1. Please check the detailed specification of each products. The image is derived from ExpertCenter D641MD for reference.
2. The isolated air chamber is derived from the setting of the fan duct on the CPU. Heat dissipation efficiency tested on ExpertCenter D641MD.

US MILITARY GRADE RELIABILITY

Engineered to last

Reliability is designed into every detail of each ExpertCenter. They are toughly constructed and are tested to the most demanding US military-grade standards of durability. The inevitable minor knocks and scrapes won't jeopardize your precious data. ExpertCenter is designed to last, protecting your investment.

Vibration Test

Withstand 10-500Hz physical vibrations for 60 min

Shock Test

Withstand 18 harsh shocks at the speed of 40G/11ms with power on

Humidity Test

Tolerate 95% relative humidity at temperatures of 30°C and 60°C

High Temperature Test

Endure 32°C~49°C for 3 x 24 hr. cycles with power on

Low Temperature Test

Endure -37°C~ -46°C for 3 x 24 hr. cycles with power on

Power Supply Test

Ensure power supply design with stable +/- 10% VDC output

Thermal Shock Test

Endure a sharp change of temperature from -10°C to 50°C at the rate of 20°C/min with power on

Package Drop Test

Withstands 10 multi-angle drops from a height of 76 cm.

Cold Storage Test

Endure -20 for 48hr in an enclosure

Damp Heat Storage Test

Survive 95% humidity, 60°C for 72 hours in package

Package Vibration Test

Withstand 5-200Hz physical vibration for 30min in an enclosure

Acoustic Test

Ensure the noise under 28dB when idle mode, 35dB under full load

* The testing data includes the requirements of both military-grade standards and ASUS quality tests.

ENTERPRISE-LEVEL MANAGEMENT

Simplify your business processes

Management is made easier with ExpertCenter. ASUS desktop management solutions help you streamline routine desktop update tasks, and allow Management Information System (MIS) staff to remotely control and manage company assets, making sure all computers perform at peak efficiency. Save your organization time and money by choosing ExpertCenter.

Management for Multiple Desktops

ASUS Control Center

ASUS Control Center is a whole new centralized IT management software. The software is capable of monitoring and controlling ASUS servers, workstations, and commercial products including notebooks, desktops, All-in-One (AiO) PCs, thin client, and digital signage.

Intel® vPro™ Technology

Optimized with Intel® Core® vPro™ processor family, ExpertCenter supports Intel® vPro™ technology and Intel® Stable Image Platform Program (SIPP) for remote manageability and reduced total cost of ownership. Intel® vPro™ technology provides a framework that allows IT to be more proactive by having more PCs managed per technician.

Management for Individual Desktops

ASUS Business Manager

ASUS Business Manager is a set of program utilities for performing maintenance and optimization tasks to PCs. This software package features a one-page interface to access system monitoring tools, BIOS updates, USB Blocker data movement controls, and energy-saving controllers.

ASUS BIOS

ASUS BIOS is media-acclaimed since the interface is incredibly intuitive with comprehensive icons and charts, while setting BIOS becomes effortless and quick with exclusive mouse control. For security, ASUS BIOS also features safe BIOS updates and HDD password controls.

SECURE AND SAFE SOLUTIONS

Safeguard intellectual property

ExpertCenter understands that IT security must evolve in order to effectively serve as your first line of defence against disruptions to business innovation and growth. Our desktop solutions are built with sophisticated security features to keep your business, and your future, safe and secure.

Chassis Intrusion Alert

Optional chassis intrusion alert brings up special security alerts when the case has been opened, further ensuring the safety of components and data.

Kensington Lock Slot and Padlock Slot

ASUS business desktop PCs come with a Kensington lock and padlock slot for additional asset management and security, keeping your hardware and confidential data inside well protected.

Trusted Platform Module (TPM)

Optional onboard TPM offers a protected and encapsulated micro-controller security chip for safeguarding internal data structures against real world threats. This ensures that information like keys, passwords, and digital certificates remains safe from external attacks, physical theft, and other types of intrusion.

UEFI BIOS

UEFI BIOS is a graphical, mouse controlled interface that lets you easily change system settings and enable advanced features like HDD password protection, as well as USB 3.1 port and card reader activation.

ASUS EXPERTCENTER FAMILY

Companies have different needs, face different challenges as they grow. ExpertCenter creates a suite of desktop solutions that offers multiple chassis types and different level of series to cater to every business need.

Premium D9 Series

Specially designed for enterprise and organization

- A fully manageable IT environment, support intel® vPro™ platform
- Built to perform, engineered to last
- Enterprise-grade security

Small Form Factor (9L)

D900SC / D900SA

Advanced D7 Series

Specially designed for advanced SMBs

- Productive, reliable, secure
- Come in a variety of form factors and specifications
- Full expandability

Mini Tower (15L) Mini Tower (15L)

D700MC

D700MD

Essential D5 Series

Specially designed for the budget-conscious users

- Affordable and reliable
- Essential performance, making light work of back office tasks
- With basic management solutions and security features

ASUS EDUCATION

Tough, compact, school-ready

ASUS is dedicated to solving the unique challenges facing today's students and educators. We are here to help cultivate the minds of the next generation with a comprehensive, student-centered products that include Chromebooks, and Windows-based laptops to enable progressive and innovative learning in an ever-changing world.

RUGGEDIZE DESIGN

Ready for action

ASUS Education laptop is built to withstand everyday knocks, bumps, drops and spills without damage. So, whether it's dropped from a classroom desk or the dining table, it is built to keep on going.

Rubber safety grip

Dropping your laptop is an everyday concern, whether it's moving between classes or working on the go. A rubber bar on the base of the laptop provides sturdy support and also makes it easier to grip when carrying, reducing the risk of fumbles and slips.

Spill-resistant keyboard¹

The spill-resistant keyboard can cope with liquid spills of up to 330 cc without harm, so minor splashes on the desk or dinner table can be easily drained, cleaned, and dried.

Durable 3D-textured finish

The tough micro-dimpled finish means no more worries about scratches or fingerprints!

Tamper-resistant keyboard

The gap between the edges of the keycaps and the keyboard surround is minimized to prevent the keys from being pried out.

Rubber bumper

All four exterior edges and corners are protected by a tough rubber bumper, which reduces the impact of physical shocks to ensure critical components are always safe and sound.

MODULAR DESIGN

Easy maintenance for uninterrupted learning.

For easy on-site servicing and reduced downtime, ASUS modular design that allows key components — such as the keyboard, battery, thermal module and I/O ports — to be replaced in minutes using simple tools. As well, the underside is secured attached using captive screws, eliminating worries about losing these little parts during repairs.

DESIGNS FOR EDUCATION

Inspiring Students with ASUS

Designed for Remote Learning

Superfast WiFi 6

ASUS Education series support up to WiFi 6 for better wireless connectivity. WiFi 6 (802.11ax) delivers superfast networking speeds for faster large file transfers, distance learning, and super smooth video chats.

AI noise-canceling technology

To provide exceptional remote learning and video-conferencing experiences, ASUS Education series feature innovative ASUS AI noise-canceling technology that employs machine learning in order to isolate unwanted noise from human speech.

Innovative learning

World-facing camera

A special world-facing camera empowers students to explore and learn in totally new ways, allowing them to easily capture photos and videos in tablet mode. And, with an exceptional resolution, detailed captures and recordings are assured.

Garaged Stylus

A precision stylus with garage that helps you get every detail just right when you're drawing, taking notes or marking up documents. The built-in stylus holder means it's always to hand, and there's less chance of losing it. It's also quick to charge, with a 15-second top-up providing enough juice for 45 minutes' use — so you'll never be left waiting.

Child-centered Design

ASUS Antibacterial Guard

The surface of any laptop harbors thousands of potentially harmful bacteria. To keep your laptop hygienic, the keyboard, touchpad, and palm rest are all protected with antibacterial treatment^{1,2}. This has been scientifically shown by the internationally-recognized ISO 22196 standard to inhibit the growth of bacteria by in excess of 99% over a 24-hour period.

Eye-protection TÜV display

The screen of is certified by TÜV Rheinland for low blue-light emissions, potentially helping to protect children's eyes from damage.

1. ASUS Antibacterial Guard is tested by an independent third-party laboratory according to the ISO 22196 standard (measurement of antibacterial activity on plastics and other non-porous surfaces), using bacterial cultures that include Escherichia coli and Staphylococcus aureus, with an antibacterial activity (R) result of $R > 2$. $R = 2$ indicates a 99% reduction in bacterial activity compared to an untreated surface.
2. ASUS Antibacterial Guard antibacterial treatment is registered by the U.S. EPA and authorized under EU BPR.
3. Specifications may vary by model.

TRUSTWORTHY PERFORMANCE - DURABLE AND RELIABLE

US Military Grade Test

Shock Test

Withstand 18 harsh shocks at the speed of 40G/11ms with power on

Vibration Test

Withstand 10-500Hz

Altitude Test

Handle extreme 15,000-ft heights, with power on

Humidity Test

Tolerate 95% relative humidity at temperatures of 30°C and 60°C

High Temperature Test

Endure 32°C~49°C for 3 x 24 hr. cycles with power on

Low Temperature Test

Endure -37°C~-46°C for 3 x 24 hr. cycles with power on

ASUS Quality Test

Drop Test

Survives a single 120 cm accidental drop on its base, onto a concrete floor

Hinge Test

50,000 open/close cycles, replicating usage of 24 times per day for over 6 years

Spill-Resistance Test

Tests resistance to small water spills of up to 66 cc¹

Keyboard Durability Test

Up to a 10,000,000 keystroke lifespan²

Port Durability Test

Mimics a user connecting a USB Type-A device 5,000 times, or 5 times a day for over 2.5 years.

Panel Pressure Test

Display can survive a simulated weight of up to 30 kg of aircraft luggage on the lid without breaking³

1. The key part of the keyboard only.

2. Test data for the normal keys only.

3. The test area is 3 cm in diameter.

* The testing regime includes the requirements of both military-grade standards and ASUS quality tests, and varies depending on device. MIL-STD-810 testing is conducted on selected ASUS products only. Note that the MIL-STD-810 testing helps to ensure the quality of ASUS products but does not indicate a particular fitness for military use. The test is performed under laboratory conditions. Any damage caused by attempts to replicate these test conditions would be considered accidental and would not be covered by the standard ASUS warranty. Additional coverage is available with ASUS Premium Care.

Education Series

ASUS BR1100F

Strong, flippable power for learning

US military-grade durability

Modular design

10 hours battery life

WiFi 6 & 4G LTE (optional)

ASUS BR1100F is the best learning companion for students of all ages, with a tough, innovative design that's made to last. As well as a versatile touchscreen display and stylus, there's also a 360° hinge and a world-facing camera. It's packed with clever protective features, including an all-round rubber bumper, spill-resistant keyboard and ultratough I/O ports. BR1100F also supports up to WiFi 6 and optional 4G LTE, and has AI-powered noise-canceling technology for high-quality remote learning and conferencing.

US Military-Grade Durability

Classrooms can be tough, but ASUS BR1100F is tougher! Built to surpass demanding US military-grade MIL-STD-810H durability standards, it's also torture-tested to pass stringent ASUS quality tests. It can withstand occasional drops of up to 120 cm — more than standard desk height — and the spill- and tamper-resistant keyboard can cope with liquid spills of up to 330 cc without harm. The hinge and I/O ports are fully tested to endure the stresses and strains of everyday use.

Easy maintenance for uninterrupted learning.

For easy on-site servicing and reduced downtime, ASUS BR1100F has a modular design that allows key components — such as the keyboard, battery, thermal module and I/O ports — to be replaced in minutes using simple tools. As well, the underside is secured attached using captive screws, eliminating worries about losing these little parts during repairs.

Noise cancelation

To provide exceptional remote learning and video-conferencing experiences, ASUS BR1100F features innovative ASUS AI noise-canceling technology that employs machine learning in order to isolate unwanted noise from human speech. Try the demo to experience the amazing difference that ASUS AI noise-canceling technology can make.

ASUS BR1100F

- Windows 11 Home
- Intel® Celeron® N4500 Processor
- Intel® UHD Graphics
- 256GB M.2 NVMe™ PCIe® 3.0 SSD
- 4GB DDR4 memory
- 11.6" LED backlit, HD (1366 x 768) 16:9 IPS glossy touch panel, 250 nits brightness
- WiFi 6 (802.11ax) and 4G LTE support (optional)
- Power and internet status LED indicator
- Noise-reducing camera
- 13MP world-facing camera

ASUS AiO

Empower Your Workplace

The compact and powerful ASUS All-in-One PCs are designed for a variety of tasks. The latest generation Intel® processors and optional NVIDIA® discrete graphics keep you productive and entertained, while HDD password protection, USB and card reader deactivation improve data security when deployed in public or commercial spaces.

Premium Series

ASUS ExpertCenter E5 AiO (E5202)

Fast, secure performance with a dual view

-  Intel® Core™ i5-11500B Processor
-  Innovative second touchscreen
-  Two way AI Noise-Canceling
-  ASUS AdaptiveLock security

Built for modern business to enhance user experiences and productivity, ASUS ExpertCenter E5 AiO powers through any task — saving time and minimizing admin. It packs exclusive ASUS VeriView, a second, outward-facing touchscreen for two-way interaction, serious business horsepower with a next-level Intel® Core™ processor, and no-compromise security solutions.

1. Multi-touch display, IR camera, AdaptiveLock, TPM 2.0 and Windows Hello features may vary by specification and region.
2. There are multiple different camera configuration options, including no camera, a 1 MP camera, a 1 MP camera with IR sensor, and a 12 MP camera.
3. Multi-touch display, Thunderbolt™ 4.0, IR camera, AdaptiveLock, TPM 2.0 and Windows Hello features may vary by specification and region.

Class-leading performance

Built to perform and easy to manage for enterprises, ASUS ExpertCenter E5 AiO powers through any task — saving time and minimizing admin. It packs serious business horsepower with a next-level Intel® Core™ processor, generous 32 GB DDR4 memory and comprehensive connectivity, including the latest Thunderbolt™ 4.0. Its sleek, ultracompact form also supports dual-SSD RAID and high-speed WiFi 6 connectivity, so it's ready to serve your business today and long into the future.

Delivering new interactive experiences

ASUS VeriView is the easy-to-use second touchscreen that elevates expectations of what an AiO PC can do. This powerful, interactive second screen is ready to accommodate diverse business applications, empowering both a dual view and two-way interactivity. Customers are able to see key information at a glance and easily interact using a fingertip. DuoVison can also be leveraged to display news or advertisements, check-in information or QR codes to provide customers with fast access to online information.

Your data is your business

ASUS ExpertCenter E5 AiO is equipped with first-class security to keep you, your business and your data safe. The smart proximity sensor that empowers ASUS AdaptiveLock¹ detects your presence and uses an integrated infrared camera to recognize your face and log you in — allowing you to get to work without lifting a finger.

ASUS ExpertCenter E5 AiO (E5202)

- Free DOS/Windows 11 Pro
- Intel® Core™ i5-11500B Processor
- Intel® UHD Graphics
- 512GB M.2 NVMe™ PCIe® 3.0 SSD
- 8GB DDR4 memory
- 12MP camera for clear video conferencing
- ASUS two-way AI noise-canceling technology
- Enterprise-grade security with IR camera, AdaptiveLock, TPM2.0, Kensington lock
- Full set of ports: 1x Thunderbolt™ 4, 1x 3-in-1 card reader, 3x USB 3.2 Gen 1 Type A, 2x USB 2.0 Type A, 1x HDMI-out, 1x USB 3.2 Gen 2 Type-C³

Premium Series

ASUS ExpertCenter E1 AiO (E1600)

Unwavering versatility. Always ready.

-  Intel® Celeron® N4500 Processor
-  Intergrated UPS
-  Fanless design
-  VESA mount

ASUS ExpertCenter E1 AiO is built to be your versatile and productive business partner. Featuring a 15.6-inch multitouch panel, a quiet fanless design and convenient connectivity, ExpertCenter E1 AiO is ready for every need. It also elevates expectations with an uninterruptable power supply (UPS)¹ to safeguard your tasks and data — making ExpertCenter E1 AiO as dependable as it is productive.

1. The uninterruptible power supply (UPS) is an optional feature. Availability varies by country and region.
2. VESA mount compatible. Wall-mount screws are optional accessories.
3. Weight may vary according to configuration.

Unwavering operation for business reliability
We know how important data is to your business, and sometimes unfortunate situations happen. That's why, unlike many competing AiO models, we've built ExpertCenter E1 AiO with an uninterruptable power supply (UPS)¹ to protect your data and tasks when mishaps cause power outages. This integrated UPS kicks in the instant that E1 AiO detects mains power is disconnected and displays a warning, giving you vital time to save your work — and extra peace of mind that you simply won't get with other AiOs.

Quieter, cleaner, and more cost-effective
ExpertCenter E1 AiO features a fanless design for silent operation with superb energy efficiency. Through its conductive-cooling system, E1 AiO eliminates fan noise and rapidly dissipates heat — making it a perfect fit for many specialist applications, such as healthcare, retail and more. This design also reduces dust circulation, assuring cost-efficiency and investment longevity.

Reliably versatile
ExpertCenter E1 AiO is designed to be versatile. Its 15.6-inch multitouch screen enables smooth, responsive interactive experiences, while its compact size means it'll fit neatly on a retail counter or hospital check-in desk — or even hung on a wall, courtesy of its standard VESA mount². In short, E1 AiO is ready to do business where you need, and how you need business done.

ASUS ExpertCenter E1 AiO (E1600)

- Free DOS/Windows 11 Pro
- Intel® Celeron® N4500 Processor
- Intel® UHD Graphics
- 256 GB M.2 NVMe™ PCIe® 3.0 SSD
- 8GB DDR4 memory
- 15.6" HD touch display
- With intergrated uninterruptable power supply (UPS)¹
- VESA mount compatible²
- Starting from 2.22 kg³

Essential Series

ASUS E3 Series (E3202)

Beautiful by design. Imagination truly expanded.

Dolby Atmos

AI noise-canceling technology

NanoEdge Full HD

Intel 12th Gen processor

ASUS E3 series features an up to 12th Gen Intel Core i7 processor for uncompromising computing performance¹. Its dual-storage design empowers both rapid file access and large capacity, while the dual-band WiFi 6 ensures superfast, stable wireless connectivity. The slim-bezel NanoEdge design results in an up to 86% screen-to-body ratio for expansive productivity. This beautiful, broad display benefits from 100% sRGB color gamut and 178° wide-view technology for truly great imagery. Combined with its advanced ASUS SonicMaster Premium audio — featuring Dolby® Atmos and two-way AI-powered Noise-Canceling — ASUS E3 series immerses you in striking visuals and superb sound for the ultimate entertainment experience.

1. Specification may vary by model. All specifications are subject to change without notice. Please contact your supplier for specific offer details.

2. Touchscreen only available on the 23.8" E3402 model.

3. HDMI-in port only available on the 23.8" E3402 model.

Incredible narrow-bezel NanoEdge display

The space-saving ASUS E3 series is remarkably slim and light, and its NanoEdge display features a thin bezel for edge-to-edge viewing. This stunning widescreen display includes wide-view technology that makes it perfect for sharing pictures or videos with friends and family. With 21.45" FHD touchscreen² display, everything you do is rendered in vivid detail, with amazing color and contrast — for work or play.

Sleek and elegant

ASUS E3 series has a fresh new look with the classic yet elegant integrated stand to complement your chic lifestyle. Designed for complete stability and a sleek appearance, its shape is based on the Chinese character 人 — symbolizing a human aesthetic. A perfectly balanced hinge keeps the screen firmly in place, while allowing you to effortlessly tilt the display to the most comfortable angle.

Advanced bass-reflex speakers

For amazingly immersive multimedia experiences, ASUS E3 series is engineered with a powerful audio system. The integrated high-quality stereo speakers are capable of delivering 6 W of pure and rich sound, and benefit from an advanced bass-reflex design — a design typically only available in hi-fi speaker systems — to deliver smooth, powerful bass and clear, full-range sound that has to be heard to be believed.

ASUS E3 Series (E3202)

- Free DOS/Windows 11 Pro
- Up to Intel® Core™ i7-1255U Processor
- 21.45" Full HD (1920 x 1080) anti-glare panel with slim bezel
- Up to 88% screen-to-body ratio
- 8GB DDR4 memory
- 512GB M.2 NVMe™ PCIe® 3.0 SSD
- Support up to WiFi 6 (802.11ax)
- Two-way AI-powered noise cancellation
- SonicMaster-ultimate audio experience
- Dolby Atmos with 360 degree sound

ASUS ACCESSORIES

ASUS accessories ensure you stay productive, providing your PC or mobile devices with durable and high-quality products, including docking, mouse, keyboard, adaptors, and headsets.

Accessories

ASUS SimPro Dock 2

Your one-stop connection station

A full set of IO ports

Up to four displays connection

Smart card reader

Fast charging support

ASUS SimPro Dock 2 is a sleek, compact one-stop dock that streamlines laptop connectivity. Attach your laptop via a single cable and it's powered, connected to your network and peripherals, and is primed for multitasking across up to four monitors¹ — including an up to 8K display². It also has an integrated smart card reader for a diverse array of business. Simply, SimPro Dock 2 keeps your desk neat, tidy and organized while setting you up for work in the blink of an eye.^{3,4}

1. ASUS SimPro Dock 2 display support varies by the processor and graphics capabilities of the connected laptop. Please check specifications for full details.

2. ASUS SimPro Dock 2 supports up to one 8K display for a laptop which supports DSC (Display Stream Compression).

3. ASUS SimPro Dock 2 is compatible with certain ASUS laptops as well as non-ASUS laptops. SimPro Dock 2 works with laptops that support the industry-standard USB-C® Alternate Mode or Thunderbolt™ protocols via the type-C® port.

4. SimPro Dock 2 supports additional features, such as MAC address passthrough, WOL, multiple display support and mirrored power button, on many ASUS laptops and displays. Some features may not be available on certain ASUS laptops, ASUS Chromebook, or non-ASUS laptops.

Maximize the workspace without bounds

Connect up to four displays¹ at once, making it easier to manage multiple applications and extend your workspace. When attached to a laptop that supports Display Stream Compression (DSC), SimPro Dock 2 supports up to one 8K display² — delivering crisp and detailed visuals. It also has DisplayPort™ 1.4, HDMI™ 2.0, traditional VGA connectivity, giving you the freedom to connect to also any display you need. As well, SimPro Dock 2's DisplayPort functionality includes support for Multi-Stream Transport (MST), allowing multiple displays to be connected to a single DisplayPort socket.

Smart card applications, empowered

With a built-in smart card reader, SimPro Dock 2 enables user authentication and security for a diverse array of business applications, from credit card-based financial transactions to identification verification for tax-filing purposes or access to personal data on government websites.

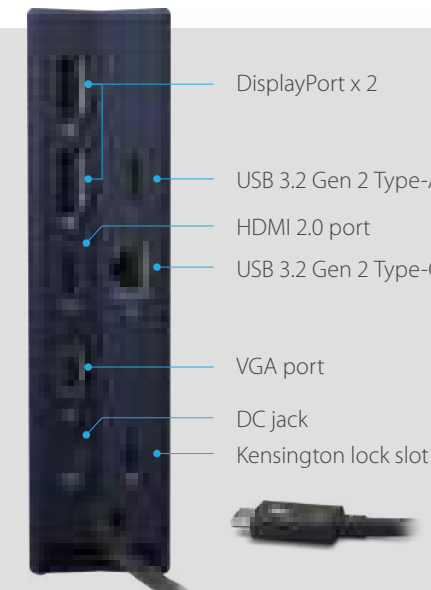

Power your day

SimPro Dock 2 supports up to 6A of power throughput for rapid charging, and has a built-in 0.6 m cable for quick, convenient connection to your laptop. It provides up to 120W power for compatible laptops, for improved power delivery and charging efficiency.

- Power indicator

ASUS MW203 Multi-Device Wireless Silent Mouse

ASUS MW203 is a mouse which enables conveniently switch between three wireless devices (Bluetooth® 5.0 / Bluetooth® 3.0 / RF 2.4 GHz) with just one click. Three adjustable DPI modes (1000 / 1600 / 2400) for more precise control, ideal for high resolution monitors. Auto sleep mode efficiently prolongs battery life to up to 13 months. Almost-silent mouse buttons (< 20 dB) eliminates annoying mouse clicks.

ASUS W2500 Wireless Keyboard and Mouse Set

ASUS W2500 is a wireless keyboard and mouse combo that's designed for utmost productivity. There's no additional software required, simply plug in the 2.4GHz dongle to your desktop or notebook and you're ready to go. Both keyboard and mouse have been designed to ensure you stay comfortable even after long hours of use.

ASUS 90W Universal Adapter

The ASUS 90W Universal Adapter is a 90-watt AC adapter for ASUS laptops and Ultrabooks. It includes three different connector tip sizes to ensure compatibility with different devices, so you can share it with friends and colleagues. Compact, travel-friendly dimensions (7.5 x 7.5 x 2.88 cm, adapter only).

ASUS Ultra Mini Universal Adapter

Engineered for easy travel, ASUS 65W USB-C Ultra Mini Universal Adapter features a compact design, high compatibility and changeable plugs, allowing on-the-go pros to charge quickly and easily. With fast-charge support for seamless productivity and integrated overheat and overpower protection, it's the small, smart and lightweight charger that packs a whole lot of power — perfect for your worldwide travels.

ASUS PEN SA201H

ASUS Pen SA201H is the perfect accessory for your ASUS touchscreen device, allowing you to write, draw or annotate in any supported app. It features MPP 2.0 technology to give you tilt and 4096-level pressure sensitivity, and its pressure-sensitive tip replicates a natural writing experience. Lasting up to a year on a single battery charge*, ASUS Pen SA201H is ready to use whenever and wherever you want.

*Based on average daily use of 2 hours.

ASUS PEN SA300

ASUS PEN SA300 is an USI method active stylus pen with an elegant and intuition design appearance. Aluminum material used in the shaft of a pen giving the comfort while using. Its 4096 pressure-sensitive tip replicates a natural writing experience, and with up to 9 months of use without needing to replace the battery, you'll be able to use ASUS PEN SA300 whenever and wherever you want.

Clique H10

These exquisite wireless Bluetooth® headphones are specially designed to deliver sensational audio performance that enriches every music listening experience. Clique H10 redefines the Bluetooth® headphone experience with its sensational audio performance and versatile, sleek design. Unique lock-in ear fins ensure earbuds stay securely and comfortably in place during exercise 5+ hours of continuous listening and 260 hours of standby time.

ROG Strix Fusion Wireless

ROG Strix Fusion Wireless is a wireless headset designed to give you freedom of movement. Compatible with PC, its 2.4GHz wireless connection and dual-antenna design offer a more stable and instant audio transmission, letting you game freely and without interruption. Its 50mm ASUS Essence drivers and exclusive airtight chamber technology lets you hear every detail in the game, and its easy touch controls ensure a smooth experience. Get ready to enjoy unparalleled flexibility.

AI Noise-Canceling Mic Adapter

ASUS AI Noise-Canceling Mic Adapter is the world's first USB-C-to-3.5 mm adapter with integrated AI Noise-Canceling Microphone (AI Mic) technology. It uses AI-powered noise cancelation to deliver crystal clear voice communication when used with any 3.5 mm headset with a microphone. Weighing just 8 grams, it includes a digital-to-analogue converter (DAC) that includes exclusive ASUS Hyper-Grounding technology to prevent electromagnetic interference, giving you noise-free audio. Get a big upgrade on sound quality with this small device.

Docking station

The newly upgraded ASUS USB3.0 HZ-3A Plus Dock lets you easily connect your laptop to all your accessories, and also gives you convenient network and audio connections! It connects to your PC via a single USB cable, and features two USB 3.0 ports on each side that now support a powerful fast-charge function for quickly recharging your portable devices. We've also added a DC-out 90W charger port for charging your laptop at the mean time.

ASUS MHS07K monitor ergonomic stand

The ASUS MHS07K monitor ergonomic stand maximizes viewing comfort and improves productivity by giving tilt, pivot, swivel, and height adjustable capability for the ideal viewing position. For example, with the ASUS MHS07K monitor stand, users can pivot the monitor clockwise or counterclockwise 90° into a portrait orientation for less scrolling while reading longer e-mails and web pages.

ASUS MKT02 mini-PC Mounting Kit

The ASUS LCD monitor mounting solution, MKT02 Mini PC Kit, is designed to work with ASUS selective monitors for those who need to mount mini PCs on the monitor, to make the desktop clutter-free and space saving. Easily mount mini PCs on the selective stand to make the desktop clutter-free and space saving. The VESA is 100x100mm compatible.

YOUR TRUSTED BUSINESS SOLUTIONS

ASUS offers a comprehensive business product portfolio including servers, workstations, intelligent edge computers, Mini PCs, business motherboards, monitors, routers and projectors to deliver end-to-end total solutions for business of all sizes, and has over 1,000 service centers across 98 countries and employs over 5,000 world-class R&D talents, bridging the gap between business requirements and IT deployments.

We offers:

- Rack and GPU server
- High-performance workstation
- Mini PCs for SMB and content creation
- Intelligent edge computer for AI and IoT applications
- Business and Industrial motherboard
- Business monitor and projector

ASUS Server ESC8000A-E12

AMD EPYC™ 9004 dual-processor 4U GPU server that supports eight dual-slot GPUs, liquid cooling solution, up to 24 DIMM, 11 PCIe 5.0 slots, Dual NVMe, four 3000W Titanium power supplies, OCP 3.0 and ASMB11-iKVM

Accelerate performance for HPC and AI workloads

ESC8000A-E12 is built for the demands of enterprise AI infrastructure to deliver unprecedented performance with industry-leading GPUs, and supports up to eight dual-slot active or passive GPUs scalable configuration.

Comprehensive liquid-cooling solutions

ESC8000A-E12 supports liquid-cooled NVIDIA® A100 PCIe GPU that delivers powerful performance with less energy and provides direct-to-chip (D2C) cooling or immersion-cooling solutions for maximum data-center energy efficiency.

Independent CPU and GPU airflow tunnels

This advanced design provides better cooling for both the GPU and CPU, enabling heat to be expelled into the surrounding ambient air for greater energy efficiency and overall savings on system power.

ExpertCenter E500 G9

Mainstream workstation with Intel® 12th Generation Core™ i3/i5/i7/i9 Processors, 128GB ECC memory, dual 2.5GbE LAN, Triple M.2, support for up to three display, one dual-slot graphics card, USB 3.2 Gen2x2 and ASUS Control Center.

Professional performance

Equipped with the Intel® 12th Generation Core™ Processors and ECC memory, plus support for an NVIDIA Quadro® graphics card, ExpertCenter E500 G9 delivers professional performance, reliability and guaranteed compatibility.

PCIe 5.0 ready

PCIe 5.0 also brings other benefits, such as electrical changes to improve signal integrity, backward-compatible CEM connectors for add-in cards, and backward compatibility with previous versions of PCI Express.

Dual 2.5G LAN connectivity

2.5G on-board Ethernet kicks your Ethernet connection up a notch with an up to 2.5X bandwidth improvement for a significant speed upgrade over traditional Gigabit LAN connections.

ASUS Corporate Stable Model (CSM)

The ASUS Corporate Stable Model (CSM) is a commercial program that provide stable motherboards and Mini PCs to business everywhere. In the 16 years that the motherboard CSM program has been operating in the United States and Canada, thousands of customers and solution providers have become part of the ASUS CSM partner network.

ASUS Control Center Express

ASUS Control Center Express is an integrated IT monitoring and management software that is compatible with over 100 ASUS motherboards to provide a better business solution.

Stable Supply

As the world's No. 1 motherboard brand, ASUS has great material-supply flexibility, and is able to respond rapidly to forecast changes.

Comprehensive Product Line-up

ASUS offers motherboard solutions for all major chipsets. Our motherboards are available in a wide range of form factors, with comprehensive compatibility validations and certifications.

Take in Charge of Your Choice of Entertainment

The bundled Google certified Android TV box with preloaded Netflix feature for easy set-up and instant viewing. Also give access to Disney+, Amazon Prime Video for endless entertainment options.

**App availability varies by region.

Powerful On The Road

Unlike a living room TV, the ZenBeam L2 is ready to travel at a moment's notice. A higher-capacity built-in battery ensures you can enjoy up to 3.5 hours* playtime.

*3.5 hrs in "Battery:Low" mode

Rich Connectivity with full-funtioned Type-C port

The ZenBeam L2 offers versatile connectivity with HDMI, USB, and headphone ports. Use the HDMI for laptops and game consoles, USB Type-C for various devices, and USB Type-A for recharging while projecting.

ASUS ZenBeam L2 Smart Portable LED Projector

ASUS ZenBeam L2 is a portable smart LED projector bundle with Google certified Android TV box 12.0 and pre-loaded Netflix for instant play, built-in battery, Harman Kardon speaker. 960 LED lumens, Full HD, ASUS Light Wall includes 26 different cinemagraphs for variable ambiances.

ASUS WEBCAM MONITOR BE27ACSBK

The Complete Videoconferencing Solution

ASUS BE27ACSBK is a WQHD (2560 x 1440) Zoom® Certified monitor designed for videoconferencing or livestreaming and it features an integrated FHD 2-megapixel webcam, microphone array and stereo speakers. Its 27-inch IPS panel provides wide viewing angles and delivers incredibly sharp imagery, and AI Noise-Canceling microphone eliminates background noise to enhance online voice communication. Plus, the front-facing stereo speakers deliver powerful audio so you can hear the other party loud and clear.

Without Auto Exposure With Auto Exposure

Easy video streaming with integrated FHD webcam

The 2 MP FHD webcam is ready-made for videoconferencing and livestreaming. It offers 315° of rotation in both directions and 10° tilt adjustment — so you stay in frame, whatever your workstation setup. It also includes a sliding lens cover for privacy.

Face Auto Exposure

Technology integrated into the webcam detects your face automatically and fine-tunes the image to make your face look brighter and stand out from the background.

Compatible with Major Videoconferencing Software

The built-in ASUS AI Noise-Canceling Mic allows crystal-clear voice communication by using a processor loaded with AI-enhanced profiles that reduce over 500 million types of background noise while preserving vocal harmonies.

Make the most out of any workstation

ZenScreen MB249C has an integrated carrying handle that doubles as a kickstand to prop the monitor at various angles for comfortable viewing. MB249C also includes an ergonomic C-clamp arm and a bundled partition hook kit. The arm offers Z-axis adjustment for comfortable viewing positions, while the hook kit enables versatile placement for those looking to maximize desktop space—so it's perfect for any confined area.

Full connectivity

A variety of I/O ports ensure compatibility with a wide range of devices. Integrated USB-C connectivity provides audiovisual signal transmission along with 60-watt power delivery, and HDMI® and an earphone jack offer convenience.

*DP Alt mode support required for attached device.

Big on convenience

ZenScreen MB249C is larger than most portable monitors, and its frameless FHD IPS panel delivers up to 24-inch stunning diagonal visuals and wide, 178° viewing angles. The anti-glare panel reduces reflections and glare, enabling you to comfortably work near a window or share content with a group. And with its 2.8 kg design and carrying handle, MB249C makes hotdesking easy. With two embedded 1-watt speakers and an amplifier deliver incredible sound, you can enjoy immersive audio when watching videos, listening to music, or when gaming, so any space can be transformed into a productive work area for work or entertainment corner.

ASUS ZenScreen MB249C

Redefine Your Workspace

ASUS ZenScreen MB249C is designed to give multitasking a boost, with its large, frameless 23.8-inch FHD panel. Its sleek 7.6mm profile and light 2.8 kg weight ensure effortless portability around the home, office, or co-working spaces. Plus, multiple stand options offer complete versatility, so you can configure MB249C to meet any need. Its versatility lets you turn any space into a productive nook.

ASUS Mini PCs

Powerful, Compact and Versatile Solutions
for Business and Professionals

Recognized for Quality

Each award is a testament to our relentless quest for perfection as we create technology that enhances the lives of people.

Eco-Friendly

ASUS Mini PCs are recipients of some of the industry's highest environmental certifications, including ePEAT Gold award and ENERGY STAR®. ASUS also exceeds legal compliance guidelines to protect customers, employees, and the environment.

Compact but Powerful

The most demanding workloads. Its compact, less-than-3-liter chassis takes up minimal space on a desk or workstation, making it well-suited for small and medium-sized businesses, retail settings, educational institutions, small offices, or homes.

Stability and Reliability

ASUS Mini PCs undergo rigorous noise, vibration, drop and thermal-shock tests to ensure reliability in extreme conditions for extended periods, ranging from dry 0° C temperatures to humid and hot environments exceeding 50° C.

Longevity and Manageability

ASUS Mini PCs undergo rigorous noise, vibration, drop and thermal-shock tests to ensure reliability in extreme conditions for extended periods, ranging from dry 0° C temperatures to humid and hot environments exceeding 50° C.

ASUS Mini PC ExpertCenter PN Series

Easy Modification Maximum Possibilities

Ultracompact 0.6-liter ASUS ExpertCenter PN series, with either Intel® or AMD mobile processors, provide flexible, comprehensive solutions for office, retail, digital signage, education and hospital applications – and are available as complete or barebones systems.

Military-grade Durability Legacy Support

ASUS ExpertCenter PN series is subjected to rigorous MIL-STD-810H durability tests, enduring extreme temperatures and humidity, high altitude, plus drop and vibration tests to ensure it's fit to perform in the harshest conditions.

Comprehensive Connectivity

PN series provides comprehensive connectivity with multiple ports, including a configurable port* to support legacy devices, additional displays or multiple network connections. Such versatility makes ASUS Mini PC perfect for a wide range of commercial scenarios.

* Configurable port options may vary by model or region

Easy Upgrades and Maintenance

PN Series can be easily disassembled to enable upgrades, to customize storage, or to add memory or a WLAN card.

Multi-storage Design

ASUS ExpertCenter PN Series is able to accommodate two M.2 SSDs and a 2.5-inch HDD, allowing users to specify custom storage solutions for a balance of speed and capacity that best suits their needs.

ASUS ExpertCenter PB63

Solid reliability for your business

- **Powered by Intel® 13th Gen Core™ Processors**
- **PCIe Gen SSD**
- **Dual display port, 8 USB ports , configurable port design plus triple storage design**
- **Optional stackable modules***
- **24/7 reliability test to ensure stable operation**

*Optional stackable module availability may vary by model or region

*I/O port options may vary by model or region

ASUS & Chrome Enterprise Solution

ASUS Chromebox Enterprise devices combine the end-user benefits of Chromeboxes with the business capabilities of ChromeS for IT to secure, orchestrate and power the cloud workforce, and for further empowering your enterprise. Secure and intelligent hardware solutions for working remote. Get started immediately out of the box with zero - touch enrollment.

ASUS Chromebox 5

ASUS Chromebox 5 is powered by a 12th Gen Intel® Core™ or Celeron® processor and includes Intel WiFi 6E AX211 for exceptional wireless performance. It even has a built-in 15W wireless charger, enabling users to easily charge supported devices by simply placing them on the Chromebox 5's top cover. It also comes equipped with a versatile Thunderbolt™ 4 port for speedy data transfers, power delivery, and connections to external displays. Additionally, the device can support up to four 4K displays for gorgeously sharp visuals and powerful productivity.

ASUS Fanless Chromebox

ASUS Fanless Chromebox features a 10th Generation Intel® Core™ or Celeron® processor . The fanless aluminum chassis has multiple metal fins to efficiently dissipate heat while operating quietly and to reduce maintenance needs in commercial environments. ASUS Fanless Chromebox also supports up to three 4K displays and comes equipped with versatile USB-C® 3.2 Gen 1 and USB 3.2 Gen 2 Type-A ports for fast data transfers, and USB-C also supports power delivery and DisplayPort connections.

ASUS- Google Meet Hardware Kit

ASUS – Google Meet hardware is the latest smart one-touch video-conferencing solution with HD visuals for Google Meet. Three ASUS – Google Meet hardware kits are available to suit any meeting room and provide an effective solution for organizations of any size.

DESIGNED FOR ALL SECTORS

Trusted, Flexible, Designed for You

No matter what business size or industry type, ASUS offers full support with a complete lineup of productive and reliable products, along with worldwide warranty and service. ASUS products are versatile and dependable, so no matter what your needs, look no further than ASUS.

ASUS MODERN OFFICE SOLUTIONS

ASUS values its relationship with businesses, no matter what their size. Micro-businesses with limited IT budgets; large enterprises that require simplified remote management; sales operations that require rapid mobility and security; or designers and engineers seeking high performance computing — all these customers can rely on ASUS to provide comprehensive solutions tailored to their unique technology requirements.

Back-Office

Simplified Solutions You Can Rely on

Computers used for administrative and back-office tasks do not normally need particularly high performance, but good ergonomics are essential to ensure maximum efficiency and productivity. ASUS offers a complete range of industrial-grade, wide-screen compatible and ergonomic desktop computers. Where workspaces are restricted in size, the small-form-factor(SFF) PC has the ideal balance between size and performance. Large-screen notebooks may be a solution for those users needing a degree of mobility, or for use in hot-desking environments.

ASUS AiO

ASUS All-in-One PCs pack everything you need into a slim and stylish design for a clutter-free user experience. Its NanoEdge display features a thin bezel for edge-to-edge viewing and it offers 22/ 24/ 27-inch widescreen display options all with wide-view technology that makes it perfect for sharing with colleagues. And with its precise 10-point multi-touch capability, it's easier than ever to interact and control!

ASUS ExpertCenter Mini PC

ASUS Mini PC has a space-saving design that makes it easy to conceal behind the monitor it's connected to. Power consumption complies with internationally recognized standards such as Energy Star and EPEAT. As well as its exceptionally-compact design, ASUS Mini PC also provides plenty of computing power for standard office tasks.

ASUS ExpertCenter D5 Small Form Factor

For a space-limited office environment, ASUS offers space-saving small-form-factor (SFF) desktops that can be used either vertically or horizontally. These compact models provide a perfect balance of performance, expandability and space-saving efficiency.

ASUS ExpertBook B1

Large-screen laptops can even replace desktop adding the benefits of occasional mobility while maintaining high levels of performance and flexibility. B1402 has a 14" screen, dual storage options, and a full complement of I/O ports, providing the perfect balance between functionality and price. B1400 is great value, and an essential choice for your business.

ASUS Eye Care Monitor

ASUS widescreen displays enable powerful multi-tasking desktop environments for staff, while reducing the eyestrain associated with ASUS Eye Care technology. Its slim-bezel NanoEdge display provides more screen in less space, for an incredibly compact footprint.

Sales Staff

Art & Designer

Rapid Mobility

ASUS ExpertBook provide everything you need for on-the-go productivity. Notebooks often carry sensitive and confidential commercial information, and travel can expose this information to both physical and security risks. ExpertBook features comprehensive security management features that allow enterprises to ensure full protection of sensitive data at all times. When communicating with potential customers in public spaces, a portable projector is an incredibly effective means of interaction.

ASUS ExpertBook B9

Its sleek, precision-crafted and minimalist chassis of ExpertBook B9 pushes the limits of lightness for ultimate portability, while giving it a toughness that has no equal. It's built for serious travel with an amazing all-day battery life, and is engineered with many cutting-edge technologies to improve your on-the-go work efficiency.

ASUS detachable laptop

The ultra-thin, feather-light ExpertBook Detachable is two amazing devices in one! It features up to 11 hours of battery life and supports all the great new features of Windows 10, making it easy to integrate with standard business systems and office applications.

ZenScreen Portable Monitor

Lightweight USB monitors are an ideal portable display solution for personnel working away from the office. They allow users to enjoy the benefits of dual-screen computing even when traveling.

ASUS Eye Care Monitors

ASUS widescreen displays enable powerful multi-tasking desktop environments for staff, while reducing the eyestrain associated with ASUS Eye Care technology. Its slim-bezel NanoEdge display provides more screen in less space, for an incredibly compact footprint.

Portable LED Projectors

ASUS portable LED projectors ensure successful mobile presentations anywhere, anytime. Their compact size makes them easy to fit in a briefcase for on-the-road use, while the multi-format interface offers even faster and more convenient data transfer.

High-Performance Computing Aids Creativity

Design professionals demand fast graphics, large screens and accurate color rendering. Powerful workstations with adequate space and expandability can satisfy the high-performance 2D and 3D graphics and programming demands of product designers, developers and R&D departments. Professional-grade monitors are another essential in any design department. ASUS Professional Monitors are capable of meeting demanding color accuracy requirements, with accurate color calibration and clear, sharp displays that have outstanding fidelity with any source material.

ASUS ProArt Professional Monitor

ASUS ProArt monitors are at the forefront of display technology, with exclusive innovations and a variety of industry-leading, high-precision technologies, including QuickFit Virtual Scale, ASUS Splendid video technology and an intuitive five-way navigation key. The 4K IPS panels used provide superior color accuracy, high resolution and wide viewing angles.

ProArt Studiobook

ProArt Studiobook is one of the world's slimmest laptops to feature NVIDIA® Quadro® graphics, making it a mighty powerhouse that brings ideas to life. It boasts a slim-bezel NanoEdge display that effectively allows for a larger display to fit into its compact chassis for immersive visuals.

ProArt Station PD5

The all-new, workstation-class ASUS ProArt Station addresses the specific needs of creative professionals, delivering powerful and stable computing performance for computer-aided design (CAD) workflows for architecture, engineering and manufacturing, combined with an attractive, compact design that blends easily into any workspace.

ASUS ProArt Curved Professional Monitor

ASUS ProArt professional-grade monitor is ideal for graphic designers and video producers, featuring a curved IPS display capable of reproducing 100% of the sRGB color gamut for more immersive visuals and versatile dual Thunderbolt™ 3 ports for video connectivity, data-transfers at speeds of up to 40 Gbps.

Workstation

With maximum GPU processing power, ASUS workstations provide the multimedia processing performance that designers demand. With fully-integrated advanced I/O capabilities, these highly-efficient and ultra-quiet workstations are the perfect choice for any kind of intensive graphics work.

Engineer

Simplified Management and Future Expandability

Engineers typically interact with a wide range of systems and applications to give them the creative versatility they need. But the wide range and variety of equipment they use means that administration, support and maintenance can become a complex burden. ASUS provides high-quality servers, fast network infrastructure and reliable data storage, with management software solutions for enterprise and SMB, giving engineers a simplified and easy-to-manage IT structure.

ASUS ExpertCenter

ASUS offers a wide selection of desktop PCs, from lightweight space-savers to reliable high-performance workstations. The exclusive ASUS Business Manager Suite allows MIS personnel to perform routine maintenance easily, minimizing time spent on updates and installations. ASUS provides complete, cost-effective computer solutions for a variety of needs.

Servers

Fast-growing business need to keep one eye on budget constraints and another on future hardware requirements. ASUS can supply everything from entry-level servers to flexible datacenters that leverage the large-scale storage capacity and vast computational power of the cloud. ASUS can support the growth of your business every step of the way.

ASUS Business Monitors

ASUS Business Monitor features an ergonomically-designed stand with tilt, swivel, and height adjustments for versatile viewing experience and perfect for multi-display setups with DisplayPort which allows users to daisy chain monitors for a multi-display setup.

ExpertBook B5

With seamless connectivity, the ultralight and compact ExpertBook B5 could connect to a network or three external monitors simultaneously to supercharge the productivity for engineers. It also offers high-performance dual storage options that give you the benefit of superfast data transfer and high-capacity storage.

Networking

Our comprehensive range of network equipment provides SMBs with a powerful, efficient and cost-effective infrastructure solutions. Energy efficiency is assured by the Green Network feature, which conserves power when connected devices are in standby mode. This can reduce power consumption by as much as a 57%.

Meeting Room

Enhanced Communication

Effective communication is vital to any successful business. Tools that ensure a smooth and uninterrupted flow of information between staff, partners, customers, and the market are essential to building trust and understanding, enabling consensus to be quickly reached, and ensuring business goals are met. ASUS provides a wide range of technologies for conference rooms, including high quality video conferencing, projection, WiFi, digital displays, stable networking and more.

ExpertBook B3 Flip

The compact 14-inch ExpertBook B3 Flip with a versatile, tough design. Equipped with the two-way AI-noise cancelation technology and a noise-reducing camera for excellent video conferencing. It also has a full set of I/O ports for versatile peripheral connections and a 360° hinge with a garaged stylus for easy screen sharing.

Projectors

The ASUS range of LED projectors offer ultra-short throw and high brightness in a compact and portable form factor. They are ideal for reducing hardware costs and energy consumption, and can be moved easily between meeting rooms to maximize resource sharing.

ASUS-Google Meet Hardware Kit

ASUS Chromebox for meetings is an easy-to-use but powerful video conferencing solution that gives you the convenience of face-to-face meetings with staff located anywhere in the world. With a wealth of dedicated Google apps such as a company calendar, conference planning and more, meetings can be more productive and cost-effective.

Networking

Our comprehensive range of network equipment provides a powerful, efficient and cost-effective infrastructure solution for meeting rooms, ensuring stable video conferencing and internet access throughout the meeting.

ASUS Monitor

ASUS monitors come in a variety of sizes that can be perfect for placing in a conference room. Being VESA mount compatible and can be paired with a mini PC or Chromebox for video conferencing use, or can be used to extend a notebook's screen.

ASUS ExpertWiFi Series

The new ExpertWiFi series offers a fast, secure, and scalable network with rich features tailored for small and mid-sized businesses. The lineup includes a business-friendly mesh system, a wireless router, an access point, and a wired VPN router that can level up your businesses with low TCO.

Self-defined network (SDN)

Easy self-defined network (SDN) options allow you to get your ideal network up and running quickly with the ExpertWiFi series. Establish up to 5 SSIDs to separate and prioritize devices for different usages, including employee settings or guest networks.

Customizable guest portal

Guest portals and social logins can be tailored to meet your business needs, with custom logos, branding and visual templates to fit particular business styles and to engage with customers in different ways.

Commercial-grade network security and VPN

ASUS ExpertWiFi series offers commercial-grade network security in the form of a free subscription to ASUS AiProtection Pro and Safe Browsing features. For remote workers, the built-in VPN features provide quick and encrypted site to site VPN connections to corporate networks.

Best for Office: ASUS ZenDrive V1M (SDRW-08V1M-U)

Burn backup discs, install software and do much more, in the office or on the go, with the ASUS ZenDrive V1M external DVD drive and writer. Crafted with a sleek self-storing USB-C cable design so that you'll never have to worry about forgetting or losing the cable, the ZenDrive V1M is the perfect complement to the latest-generation of ultraslim laptops. It provides easy drag-and-burn disc-burning, robust encryption and automatic backups onto hard drives or SSDs to help protect your business data¹.

Best for Education: ASUS ZenDrive U9M (SDRW-08U9M-U)

Learn from audio CDs and multimedia on educational DVDs² with the ASUS ZenDrive U9M, an ultra-slim external DVD Writer which supports USB Type-C and Type-A interfaces for comprehensive connectivity. For users who own the latest PCs, ASUS recommends the ZenDrive U8M (SDRW-08U8M-U) which includes only a USB Type-C cable for a more economical package. Both drives are bundled with comprehensive backup software.

Best for Public and Healthcare Sectors: ASUS SBW-06D5H-U

Boost your data backup productivity with the ASUS SBW-06D5H-U, an ultra-slim external Blu-ray drive compatible with high-capacity BDXL discs up to 128 GB, plus M-DISC™ support. Transfer data over a USB 3.1 Gen 1 connection, and enjoy 6X BD-R read/write speed capability. Every drive also includes robust backup software to make it easy to archive your data with the highest security standards, and each one bundles both USB Type-A and USB Type-C cables for universal connectivity.

1. These software features require the use of Microsoft Windows. 2. DVD playback software not included.

ASUS Optical Drives

Sleek, Compact and Secure

Back up your business with the most robust ASUS optical disk solutions, from internal DVD drives to external Blu-ray burners.

ASUS RETAIL&SERVICE SOLUTIONS

In the highly competitive consumer market, it is vital to use technology to improve communication with customers, while focusing limited manpower on providing customer service. Therefore, the use of integrated information technology equipment and information services to help improve customer satisfaction — while promoting customer loyalty and repeat purchases — is the key to survival in the retail and services sector.

Warehouse & Distribution Center

Streamline Production Control and Inventory Management

For warehouse and distribution centers, tablets combined with hand-held scanners not only reduce data-entry time, but they also make it possible to update central systems in real-time for robust production control and inventory management. In busy and complex production environments, a streamlined thin-client-based architecture is often the preferred solution, with limited need for high-performance computing.

ExpertBook B3 Detachable

ExpertBook B3 Detachable employs Microsoft Windows 11 operating system, making it easy to integrate with inventory management systems. It can also help deliver interactive and personalized experiences for all customers, display in-store advertisements, and perform customer satisfaction surveys.

ExpertBook Flip Laptops

ExpertBook Flip laptops can easily integrate with inventory management systems, allowing staff members to always keep track of the inventory status. Combined with handheld scanners, ExpertBook Flip laptops help reduce data-entry time and enables real-time updates of the production status.

ExpertCenter AiO

The space-saving and touch-enabled ExpertCenter All-in-One PC is the preferred choice for crowded warehouse and distribution centers. With no keyboard and mouse required, workers can easily control the PC using just their fingertips. Built-in serial ports allow connection with peripherals such as barcode scanners for easy inventory management.

ASUS Mini PC

Its compact size is easy to conceal behind the monitor it's connected to, allows smooth high-performance computing for factory operation. In addition to being exceptionally affordable, the ASUS Mini PC saves space and is easy to remove for maintenance.

Networking

ASUS networking equipment offers a stable and effective solution for wired environments. Alternatively, our latest high-coverage wireless equipment helps to ensure fast and uninterrupted access for a seamless online experience throughout the warehouse or factory.

Retail Store & Restaurant

Ensure Efficiency During Service

ASUS has a comprehensive product range, and can provide competitive tailored solutions for any retail environment, helping you make the most of your budget. From space-saving All-in-One PCs with convenient touchscreen functionality; ultra-compact Mini PCs that can be combined with point-of-sale (POS) systems; our wide range of display and digital signage products; plus our wired or wireless networking infrastructure to suit any size of premises.

ExpertCenter E1 AiO

ASUS ExpertCenter E1 AiO is an excellent choice when it comes to running a store's POS system. The All-in-One design gets rid of the mess of external cables, giving a better appearance in customer-facing areas, while the intuitive touchscreen's simplicity and convenience help ensure smooth operation.

Stick PC

ASUS stick PCs are candy-bar-sized computing solutions that turn any HDMI monitor or TV into a computer. Chromebit CS10 is an easy-to-manage, energy-efficient ChromeOS solution for businesses, and can be used for in-store point-of-sale (POS) displays, signage, and kiosk installations.

ExpertBook B3 Detachable

ExpertBook B3 can simplify the ordering process in restaurants, allowing waiters to take order at the customer's seat and send it instantly to the kitchen. It can simplify the ordering process in restaurants. Customers no longer have to wait in line to order.

Mini PC

Perfect for use with a digital billboard, its compact size is easy to conceal behind the monitor it's connected to. It's also compatible with POS peripherals and software. In addition to being exceptionally affordable, it saves space and is easy to remove for maintenance. For limited storefront space and a modest budget, ASUS Mini PC is the ideal choice.

ASUS Touch Monitors

ASUS touch monitors help deliver interactive and personalized experiences for all customers, display in-store advertisements, and perform customer satisfaction surveys. Being VESA mount compatible, ASUS touch monitors can be placed wherever needed.

Public Area

Efficient Communication with the Public

When communicating with potential customers in public spaces, large-scale digital signage is an incredibly effective means of interaction. Digital billboards and video walls have proven results in locations such airports, railway stations, hotels, and retail stores. Interactive touch All-in-One PCs and space-saving mini PCs connected with fast and reliable wireless and/or wired internet connectivity are suitable for information kiosks or public PCs, fulfilling the demand by both business and leisure users at public areas.

Stick PC

ASUS VivoStick is a shirt-pocket-sized device that turns any HDMI monitor or TV into a fully functional Windows PC. It has a wealth of business applications and can be used as a plug-and-play media player to power digital signage or outfield scoreboards, or as a secure kiosk solution.

ASUS Mini PC PL Series

Compact, fanless mini PC designed for indoor industrial applications including surveillance, digital signage, point-of-sale, and more.

ASUS Monitor

A larger size monitor is an ideal and cost-effective alternative to printed information in busy areas such as hotel lobbies, dining areas, and leisure facilities. Attractive and eye-catching dynamic multimedia content can help drive sales in retail locations, or provide useful guest information services such as upcoming special event schedules, weather forecasts or other local information.

ExpertCenter AiO

ExpertCenter All-in-One PC is available in several sizes, all of which can be wall-mounted. The slim and stylish design allows All-in-One PCs to be integrated easily into public spaces, while touch-screen functionality provides an intuitive user interface that's ideal for interactive applications.

Networking

The provision of internet connectivity in public areas and guest rooms is a must for hotels. ASUS network equipment is the foundation of a fast and reliable network infrastructure, with greatly-reduced power consumption thanks to the Green Network features.

ASUS EDUCATION SOLUTIONS

We are here to help you cultivate the minds of the next generation with a total solution for progressive and innovative learning. Education is what countries are built on. For society to progress and nations to sharpen their competitive edge, education must constantly innovate. At ASUS, we look into the future with your current needs in mind to design the ideal education experience. We believe that with technology, every student can benefit from an individualized learning experience that is as effective as it is engaging. Because in today's digital age, learning does not need to be confined to the classroom — it can be accomplished anytime, anywhere with the help of mobile technology and the cloud. Unsurprisingly, forward-looking schools are attaching increasing importance to their on-campus information infrastructure. And we are here to provide you with the total education solution.

Classroom

Use Progressive Teaching and Learning Methods

The development of touch-enabled computers and cloud technologies has ushered in a new generation of teaching methods. Leaving behind the days when the teacher writes on the blackboard and students take notes, the era of interactive digital learning is changing the way interactions take place in the classroom. Toughness is an essential focus for education use. ASUS Chromebook Education series is designed to withstand all the everyday knocks and bumps in academic life.

ASUS Chromebook Flip

ASUS Chromebook Flip is built to deliver an innovative learning experience. As well as a versatile touchscreen display and a built-in stylus, there's also a 360° hinge and a world-facing camera.

ASUS Chromebook

Built to meet US military-grade standards, ASUS Chromebook features the classroom-ready durability with the all-round rubber bumper, spill-resistant keyboard and ultratough I/O ports. And with its school day-long battery life and time-saving, easy-to-service modular construction, it is ready for anything!

ASUS Chromebook Detachable

With its super-rugged construction, compact design and detachable keyboard, it is the choice for a more engaging and innovative learning experience.

ASUS Touch Monitors

ASUS touch monitors make learning more engaging and exciting for teachers and students with a 10-point multi-touch interface.

Computer Lab

Library

Simplify Lab Management

Routine maintenance is a perennial problem for computer lab administrators, often made unnecessarily difficult by the lack of management resources or the benefits of tool-free, modular product design. This is where we come in. Smarter space-planning for computer labs is possible when you have a wide selection of form factors and designs in desktop PCs and LCD monitors to choose from. Our total education solution simplifies things so you can focus on what's really important.

Desktop

ExpertCenter computers come in all shapes and sizes - from space-saving designs to larger tower models with tool-less design for easily upgradable hardware.

Workstations

ASUS workstations offer high-speed computing power and unparalleled scalability required to operate multiple workstations simultaneously in a very quiet environment.

Servers

From entry-level servers to flexible datacenters that leverage the large-scale storage capacity and vast computational power of the cloud. ASUS can support the growth of your business every step of the way.

LED Monitors

Our award-winning LED monitors combine ergonomics with an energy-efficient design for outstanding brightness and high-contrast displays.

Empower a Rich and Efficient Resource Center

Libraries have been quick to embrace the time and money-saving potential of technology. Reducing the man-hours spent filing index cards and freeing up space is just a start. Handling inquiries and reservations over the Internet makes it faster for teachers and students to check the publication details of a book, pinpoint its physical location and view its current lending status. ASUS has all you need to create a library filled with knowledge, and facilitated by technology.

All-in-One PC

Among the devices that libraries currently use, All-in-One PC is becoming a standard choice. With a multi-touch screen that cuts back on keyboard use, it can even be wall-mounted to save space.

Chromebox

ASUS Chromebox helps you conveniently manage and update your inventory while at the same time reducing software and operating cost.

Servers

From entry-level servers to flexible datacenters that leverage the large-scale storage capacity and vast computational power of the cloud. ASUS can support the growth of your business every step of the way.

Networking

ASUS networking equipment offers your library an effective solution to wireless dead zones, ensuring fast and uninterrupted access for a seamless online experience.

ExpertCenter D5 Mini Tower (D500ME)

Operating system	Free DOS/Windows 11 Pro	
CPU	Intel® Core™ i7-13700 Processor 2.1GHz (30M Cache, up to 5.2GHz, 16 cores)	Intel® Core™ i5-13400 Processor 2.5GHz (20M Cache, up to 4.6GHz, 10 cores)
Chipset	Intel® B760 Chipset	Intel® B760 Chipset
Integrated GPU	Intel® UHD Graphics	Intel® UHD Graphics
Memory	8GB DDR4 U-DIMM	
Expansion slot	1x PCIe® 4.0 x 16, 2x PCIe® 3.0 x 1, 1x M.2 connector for WiFi 2x M.2 connector for storage, 2x DDR4 U-DIMM slot	1x PCIe® 4.0 x 16, 2x PCIe® 3.0 x 1, 1x M.2 connector for WiFi 2x M.2 connector for storage, 2x DDR4 U-DIMM slot
Serial ATA	4 x SATA 6.0Gb/s ports	
Storage	512GB M.2 NVMe™ PCIe® 4.0 SSD	
Drive bays	"2.5"" x 1 3.5"" x 1"	"2.5"" x 1 3.5"" x 1"
Optical drive	N/A	
Wireless	Wi-Fi 6(802.11ax) (Dual band) 2*2 + Bluetooth® 5.3 Wireless Card	
Audio	High Definition 7.1 Channel Audio	
Front I/O ports	1x Headphone, 1x 3.5mm combo audio jack 2x USB 3.2 Gen 1 Type-A, 2x USB 3.2 Gen 2 Type-A	
Rear I/O ports	1x Headphone out, 1x Line-in, 1x MIC in, 1x RJ45 Gigabit Ethernet 1x HDMI 1.4, 1x VGA Port, 2x PS2, 4x USB 2.0 Type-A	
Power supply	300W power supply (80+ Platinum, peak 390W)	
Dimension	16.20 x 29.14 x 35.50 cm (6.38" x 11.47" x 13.98")	
Weight	05.50 kg (12.13 lbs)	
Included in the box	Wired keyboard (USB) Wired optical mouse (USB)	
Security	HDD User Password Protection and Security, Kensington Security Slot™ Padlock loop, Trusted Platform Module (Firmware TPM)	
Energy efficiency compliance	EPEAT Silver Energy star 8.0	EPEAT Silver Energy star 8.0

ExpertCenter D5 Mini Tower (D500ME)

Operating system	Free DOS/Windows 11 Pro	
CPU	Intel® Core™ i3-13100 Processor 3.4GHz (12M Cache, up to 4.5GHz, 4 cores)	Intel® Core™ i5-12400 Processor 2.5 GHz (18M Cache, up to 4.4 GHz, 6 cores)
Chipset	Intel® B760 Chipset	Intel® B660 Chipset
Integrated GPU	Intel® UHD Graphics	1TB SATA 7200RPM 3.5" HDD
Memory	8GB DDR4 U-DIMM	
Expansion slot	1x PCIe® 4.0 x 16, 2x PCIe® 3.0 x 1, 1x M.2 connector for WiFi 2x M.2 connector for storage, 2x DDR4 U-DIMM slot	1x PCIe 4.0 x 16, 2x PCIe® 3.0 x 1 1x M.2 connector for WiFi, 2x M.2 connector for storage, 2x DDR4 U-DIMM slot
Serial ATA	4 x SATA 6.0Gb/s ports	
Storage	512GB M.2 NVMe™ PCIe® 4.0 SSD	1TB SATA 7200RPM 3.5" HDD
Drive bays	"2.5"" x 1 3.5"" x 1"	"2.5"" x 1 3.5"" x 1"
Optical drive	N/A	DVD writer 8X
Wireless	Wi-Fi 6(802.11ax) (Dual band) 2*2 + Bluetooth® 5.3 Wireless Card	Wi-Fi 5(802.11ac) (Dual band) 1*1 + Bluetooth® 5.1 Wireless Card
Audio	High Definition 7.1 Channel Audio	
Front I/O ports	1x Headphone, 1x 3.5mm combo audio jack 2x USB 3.2 Gen 1 Type-A, 2x USB 3.2 Gen 2 Type-A	
Rear I/O ports	1x Headphone out, 1x Line-in, 1x MIC in, 1x RJ45 Gigabit Ethernet 1x HDMI 1.4, 1x VGA Port, 2x PS2, 4x USB 2.0 Type-A	
Power supply	300W power supply (80+ Platinum, peak 390W)	
Dimension	16.20 x 29.14 x 35.50 cm (6.38" x 11.47" x 13.98")	09.46 x 29.27 x 33.96 cm (3.72" x 11.52" x 13.37")
Weight	05.50 kg (12.13 lbs)	
Included in the box	Wired keyboard (USB) Wired optical mouse (USB)	
Security	HDD User Password Protection and Security, Kensington Security Slot™ Padlock loop, Trusted Platform Module (Firmware TPM)	
Energy efficiency compliance	EPEAT Silver Energy star 8.0	EPEAT Silver Energy star 8.0

ExpertCenter D5 SFF (D500SC)

Operating system	Free DOS/Windows 11 Pro
CPU	Intel® Core™ i5-11400 Processor 2.6 GHz (12M Cache, up to 4.4 GHz, 6 cores)
Chipset	Intel® B560 Chipset
Integrated GPU	Intel® UHD Graphics
Memory	8GB DDR4 U-DIMM
Expansion slot	1x PCIe® 3.0 x 1, 1x PCIe® 3.0 x 16, 1x M.2 connector for WiFi, 1x M.2 connector for storage, 2x DDR4 U-DIMM slot
Serial ATA	2 x SATA 6.0Gb/s ports
